[One Day Closer](#) Feb 13 2021 An instant national bestseller and "a beautiful story of what love can do to conquer the impossible" (Jann Arden). On the day my daughter was kidnapped by outlaws in Somalia, my life split into two parts: Before and After. This is the story of both parts, and of how I fought to bring my daughter home. On August 23, 2008, Amanda Lindhout, Lorinda Stewart's daughter, is kidnapped outside of Mogadishu in Somalia. The kidnappers' demand is simple: pay \$2.5 million or Amanda will be killed. For the next 460 days, Lorinda does everything in her power—and beyond—to get her daughter back alive. This brave, small-town mother with no experience in hostage negotiations is called upon by the RCMP to be the lead communicator with Adam, the Somali who identifies himself as the English-speaking negotiator for Amanda's kidnappers. In a secret "war room" in Sylvan Lake, Alberta, Lorinda joins forces with federal officers and begins to answer calls from Adam, establishing a fragile rapport of trust with the man who holds her daughter's fate in his hands. She learns how to demand POLs—proofs of life—from Amanda's hostage takers and even how to react to "bad calls"—when she is forced to listen to her daughter's desperate cries for help, fearing she is being abused and tortured. What's supposed to be a short negotiation stretches on, and weeks become months. Lorinda finds herself increasingly on her own as negotiations break down. But she never gives up hope, even as the conversations become more traumatic. Faced with the terrible possibility of her daughter's death, she decides to take control, bringing in private hostage negotiators and fundraising ransom money from donors. But will it be enough? This is the true story of one woman's heroic perseverance in the face of despair, and of the hope and healing to be found beyond trauma. It is also, in the end, a tribute to the extraordinary power of a mother's love.

**The Undertaker's Assistant** Mar 05 2020 An enthralling novel of historical fiction for fans of Lisa Wingate and Ellen Marie Wiseman, *The Undertaker's Assistant* is a powerful story of human resilience set during Reconstruction-era New Orleans that features an extraordinary and unforgettable heroine at its heart. "The dead can't hurt you. Only the living can." Effie Jones, a former slave who escaped to the Union side as a child, knows the truth of her words. Taken in by an army surgeon and his wife during the War, she learned to read and write, to tolerate the sight of blood and broken bodies—and to forget what is too painful to bear. Now a young freedwoman, she has returned south to New Orleans and earns her living as an embalmer, her steady hand and skillful incisions compensating for her white employer's shortcomings. Tall and serious, Effie keeps her distance from the other girls in her boarding house, holding tight to the satisfaction she finds in her work. But despite her reticence, two encounters—with a charismatic state legislator named Samson Greene, and a beautiful young Creole, Adeline—introduce her to new worlds of protests and activism, of soirees and social ambition. Effie decides to seek out the past she has blocked from her memory and try to trace her kin. As her hopes are tested by betrayal, and New Orleans grapples with violence and growing racial turmoil, Effie faces loss and heartache, but also a chance to finally find her place . . .

**A House in the Sky** Sep 03 2022 BREAKING NEWS: Amanda Lindhout's lead kidnapper, Ali Omar Ader, has been caught. Amanda Lindhout wrote about her fifteen month abduction in Somalia in *A House in the Sky*. It is the New York Times bestselling memoir of a woman whose curiosity led her to the world's most remote places and then into captivity: "Exquisitely told...A young woman's harrowing coming-of-age story and an extraordinary narrative of forgiveness and spiritual triumph" (The New York Times Book Review). As a child, Amanda Lindhout escaped a violent household by paging through issues of National Geographic and imagining herself visiting its exotic locales. At the age of nineteen, working as a cocktail waitress, she began saving her tips so she could travel the globe. Aspiring to understand the world and live a significant life, she backpacked through Latin America, Laos, Bangladesh, and India, and emboldened by each adventure, went on to Sudan, Syria, and Pakistan. In war-ridden Afghanistan and Iraq she carved out a fledgling career as a television reporter. And then, in August 2008, she traveled to Somalia—"the most dangerous place on earth." On her fourth day, she was abducted by a group of masked men along a dusty road. Held hostage for 460 days, Amanda survives on memory—every lush detail of the world she experienced in her life before captivity—and on strategy, fortitude, and hope. When she is most desperate, she visits a house in the sky, high above the woman kept in chains, in the dark. Vivid and suspenseful, as artfully written as the finest novel, *A House in the Sky* is "a searingly unsentimental account. Ultimately it is compassion—for her naïve younger self, for her kidnappers—that becomes the key to Lindhout's survival" (O, The Oprah Magazine).

**Between Earth and Sky** Sep 22 2021 In Amanda Skenandore's provocative and profoundly moving debut, set in the tragic intersection between white and Native American culture, a young girl learns about friendship, betrayal, and the sacrifices made in the name of belonging. On a quiet Philadelphia morning in 1906, a newspaper headline catapults Alma Mitchell back to her past. A federal agent is dead, and the murder suspect is Alma's childhood friend, Harry Muskrat. Harry—or Asku, as Alma knew him—was the most promising student at the "savage-taming" boarding school run by her father, where Alma was the only white pupil. Created in the wake of the Indian Wars, the Stover School was intended to assimilate the children of neighboring reservations. Instead, it robbed them of everything they'd known—language, customs, even their names—and left a

heartbreaking legacy in its wake. The bright, courageous boy Alma knew could never have murdered anyone. But she barely recognizes the man Asku has become, cold and embittered at being an outcast in the white world and a ghost in his own. Her lawyer husband, Stewart, reluctantly agrees to help defend Asku for Alma's sake. To do so, Alma must revisit the painful secrets she has kept hidden from everyone—especially Stewart. Told in compelling narratives that alternate between Alma's childhood and her present life, *Between Earth and Sky* is a haunting and complex story of love and loss, as a quest for justice becomes a journey toward understanding and, ultimately, atonement.

***The Same Sky*** May 31 2022 From the acclaimed author of *How to Be Lost and Close Your Eyes* comes a beautiful and heartrending novel about motherhood, resilience, and faith—a ripped-from-the-headlines story of two families on both sides of the American border. Alice and her husband, Jake, own a barbecue restaurant in Austin, Texas. Hardworking and popular in their community, they have a loving marriage and thriving business, but Alice still feels that something is missing, lying just beyond reach. Carla is a strong-willed young girl who's had to grow up fast, acting as caretaker to her six-year-old brother Junior. Years ago, her mother left the family behind in Honduras to make the arduous, illegal journey to Texas. But when Carla's grandmother dies and violence in the city escalates, Carla takes fate into her own hands—and with Junior, she joins the thousands of children making their way across Mexico to America, facing great peril for the chance at a better life. In this elegant novel, the lives of Alice and Carla will intersect in a profound and surprising way. Poignant and arresting, *The Same Sky* is about finding courage through struggle, hope amid heartache, and summoning the strength—no matter what dangers await—to find the place where you belong. Praise for *The Same Sky* “*The Same Sky* is the timeliest book you will read this year—a wrenching, honest, painstakingly researched novel that puts a human face to the story of undocumented youth desperately seeking their dreams in America. This one's going to haunt me for a long time—and it's going to define the brilliant Amanda Eyre Ward as a leading author of socially conscious fiction.”—Jodi Picoult, author of *Leaving Time* “*Riveting, heartrending, and beautifully written, The Same Sky* pulled me in on the first page and held my attention all the way to its perfect conclusion. I devoured this book.”—Christina Baker Kline, author of *Orphan Train* “*Ward is deeply sympathetic to her characters, and this affecting novel is sure to provoke conversations about immigration and adoption.*”—*The New York Times Book Review* “*A deeply affecting look at the contrast between middle-class U.S. life and the brutal reality of Central American children so desperate they'll risk everything.*”—*People* “*Amanda Eyre Ward's novel of the migrant journey, The Same Sky, is the most important book to come out of Austin this year.*”—*The Austin Chronicle*

***The Second Life of Mirielle West*** Jan 03 2020 The glamorous world of a silent film star's wife abruptly crumbles when she's forcibly quarantined at the Carville Lepers Home in this page-turning story of courage, resilience, and reinvention set in 1920s Louisiana and Los Angeles. Based on little-known history, this timely book will strike a chord with readers of Fiona Davis, Tracey Lange, and Marie Benedict. Based on the true story of America's only leper colony, *The Second Life of Mirielle West* brings vividly to life the Louisiana institution known as Carville, where thousands of people were stripped of their civil rights, branded as lepers, and forcibly quarantined throughout the entire 20th century. For Mirielle West, a 1920's socialite married to a silent film star, the isolation and powerlessness of the Louisiana Leper Home is an unimaginable fall from her intoxicatingly chic life of bootlegged champagne and the star-studded parties of Hollywood's Golden Age. When a doctor notices a pale patch of skin on her hand, she's immediately branded a leper and carted hundreds of miles from home to Carville, taking a new name to spare her family and famous husband the shame that accompanies the disease. At first she hopes her exile will be brief, but those sent to Carville are more prisoners than patients and their disease has no cure. Instead she must find community and purpose within its walls, struggling to redefine her self-worth while fighting an unchosen fate. As a registered nurse, Amanda Skenandore's medical background adds layers of detail and authenticity to the experiences of patients and medical professionals at Carville—the isolation, stigma, experimental treatments, and disparate community. A tale of repulsion, resilience, and the Roaring '20s, *The Second Life of Mirielle West* is also the story of a health crisis in America's past, made all the more poignant by the author's experiences during another, all-too-recent crisis. PRAISE FOR AMANDA SKENANDORE'S BETWEEN EARTH AND SKY “*Intensely emotional...Skenandore's deeply introspective and moving novel will appeal to readers of American history.*”—*Publishers Weekly*

***A House in the Sky*** Aug 02 2022 “*The spectacularly dramatic memoir of a woman whose curiosity about the world led her from rural Canada to imperiled and dangerous countries on every continent, and then into fifteen months of harrowing captivity in Somalia—a story of courage, resilience, and extraordinary grace. At the age of eighteen, Amanda Lindhout moved from her hardscrabble Alberta hometown to the big city—Calgary—and worked as a cocktail waitress, saving her tips so she could travel the globe. As a child, she escaped a violent household by paging through National Geographic and imagining herself in its exotic locales. Now she would see those places for real. She backpacked through Latin America, Laos, Bangladesh, and India, and emboldened by each experience, went on to travel solo across Sudan, Syria, and Pakistan. In war-ridden Afghanistan and Iraq she carved out a fledgling career as a TV reporter. And then, in August 2008, she traveled to Mogadishu, Somalia—“the most dangerous place on earth”—to report on the fighting there. On her fourth day in the country, she and her photojournalist companion were abducted. An astoundingly intimate and harrowing account of Lindhout's fifteen months as a captive, *A House in the Sky* illuminates the psychology, motivations, and desperate extremism of her young guards and the men in charge of them. She is kept in chains, nearly starved, and subjected to unthinkable abuse. She survives by imagining herself in a “house in the sky,” looking down at the woman shackled below, and finding strength and hope in the power of her own mind. Lindhout's decision, upon her release, to counter the violence she endured by founding an organization to help the Somali people rebuild their country through education is a wrenching testament to the capacity of the human spirit and an astonishing portrait of the power of compassion and forgiveness.”—*

**A Long Walk Home** Dec 14 2020 This is the story of how, over a period of one hundred and ninety-two days, I was torn away from the life I knew and loved, and dragged down to the depths of despair; of how I endured enforced isolation and near-starvation at the hands of Somali pirates; and of how I made a choice to survive by any and all means that I could muster. In September 2011 Judith Tebbutt and her husband David set out on an adventurous holiday to Kenya. A couple for thirty-three years, they had first met in Zambia: Africa had played a major part in their life together. After a joyous week on safari in the Masai Mara, they flew on to a beach resort forty kilometres south of Somalia. And there, in the early hours of 11 September, tragedy struck them. Judith was torn away from David by a band of armed pirates, dragged over sea and land to a village in the arid heart of lawless Somalia, and there held hostage in a squalid room, a ransom on her head. There, too, she learned the terrible truth that the responsibility of securing her release now rested with her son Ollie. But though she was isolated, intimidated and near-starved, Judith resolved to survive - walking endless circuits of her nine-foot prison, trying to make her captors see her as a human being, keeping her faith at all times in Ollie. Powerful, moving and at times quite devastating, this is Judith Tebbutt's story in her own words. It is a memoir of the life she shared with her beloved husband, an unflinching account of the ordeal that overturned her world, and a testament to the inner resilience and familial love that sustained her through captivity. There is nothing so bad in life as to have no hope - to believe you have been defeated, to give in to that. Now that I found myself in confinement, four thousand miles from home under a hostile sky, I would not accept that fate for myself.

His sights are set on Sonny Chatterjee's failing cocoa estate, Kushi, where the ground is so full of oil you can put a stick in the ground and see it bubble up. When a fortuitous meeting with businessman Tito Fernandez brings Eddie the investor he desperately needs, the three men enter into a partnership. A friendship between Tito and Eddie begins that will change their lives forever, not least when the oil starts gushing. But their partnership also brings Eddie into contact with Ada, Tito's beautiful wife, and as much as they try, they cannot avoid the attraction they feel for each other. *Fortune*, based on true events, catches Trinidad at a moment of historical change whose consequences reverberate down to present concerns with climate change and environmental destruction. As a story of love and ambition, its focus is on individuals so enmeshed in their desires that they blindly enter the territory of classic Greek tragedy where actions always have consequences.

**Without Cease the Earth Faintly Trembles** Mar 17 2021 Equal parts fiction, poetry, autobiography and myth, these distilled stories follow a girl named June in search of her own beginning. They are coming of age stories, in which sexual and romantic underpinnings force June, both waking and dreaming, to struggle with her identity as a real person as well as a scripted character. While she sometimes appears to be no more than the sound of her own name, observant and deeply aware, she is grounded in the textured inner landscape that is her entire existence. Drawing on the irrational but evocative properties of sound and rhythm, rich in imagery, these writings employ a syntax of sensation ó pleasure, desire, anguish ó that graphs the nerves beneath the skin. In her small, fabled world, June's closest friends are a man who wears a monocle and a red chair that struts about and misbehaves in a way June can only dream of. There are moments in June's narratives, both for June and the reader, when the whole world drops away, and one realizes suddenly what it means to fall in some obediently human way. It is from these unfixable points that June considers herself, and

all that happens or waits in constant deferral to happen. Critical Comment Precision language moving not into the fabled distancing of fool-the-mind prose but closing in more sharply, palpably upon the imaginary life of feelings as they mutate necessarily page by page. Amanda Marchand is so good at this immersion. You never know where she'll go next. Bill Berkson A truly original and engaging collection that treads lightly between short story, poetry, and memoir. Melanie Brannagan, *Prairie Fire*, 2003 It surprised me with its clarity and lack of pretension...precise and humorous...filled with compelling images that illuminate...coming of age, anxiety, sexuality, violence, the body in innovative ways. NOW Magazine, December 2003 Marchand is great at building a character interesting enough for the reader to spend so much time mulling over her intimate thoughts and interpretations. Broken Pencil, #26
