*Answers in the Pages* Dec 16 2021 A bold, timely novel about speaking up and coming out as parents lobby to ban a beloved book from the school curriculum by New York Times-bestselling author David Levithan. When Donovan left his copy of *The Adventurers* on the kitchen counter, he didn't think his mom would read it—much less have a problem with it. It's just an adventure novel about two characters trying to stop an evil genius...right? But soon the entire town is freaking out about whether the book's main characters are gay, Donovan's mom is trying to get the book removed from the school curriculum, and Donovan is caught in the middle. Donovan doesn't really know if the two boys fall in love at the end or not—but he does know this: even if they do, it shouldn't matter. The book should not be banned from school. Interweaving three connected storylines

**Neurosurgery Case Review: Questions and Answers** Apr 08 2021 Neurosurgical vignettes in question and answer format provide robust prep for the ABNS oral exam! Neurosurgery Case Review: Questions and Answers, 2nd Edition by Remi Nader, Abdulrahman Sabbagh, Samer Elbabaa, Hosam Al-Jehani, Jaime Gasco, and Cristian Gragnaniello provides a robust study guide for the American Board Neurological Surgery and the Royal College of Physicians and Surgeons of Canada oral board examinations. The second edition expands on the highly successful first edition, presenting 148 cases commonly encountered by neurosurgeons in clinical practice. The cases are broadly divided into seven sections--tumor, vascular intracranial pathology, trauma, pediatric, functional, spine, and peripheral nerves. The chapters are arranged in a manner that mirrors the oral board exam. Each case includes a brief clinical scenario followed by questions on presentation, diagnosis, imaging, management, surgical detail, complications, and outcome. The presented information is backed by the latest available evidence-based references and data. Key Features: Contributions from internationally renowned neurosurgical educators Detailed answers enhance readers' knowledge and provide guidance on how to respond to questions asked in the oral board exams More than 750 high-quality images, many in full color, ensure visual

*Good Economics for Hard Times* Jan 17 2022 FROM THE WINNERS OF THE 2019 NOBEL PRIZE IN ECONOMICS

'Wonderfully refreshing . . . A must read' Thomas Piketty In this revolutionary book, prize-winning economists Abhijit V. Banerjee and Esther Duflo show how economics, when done right, can help us solve the thorniest social and political problems of our day. From immigration to inequality, slowing growth to accelerating climate change, we have the resources to address the challenges we face but we are so often blinded by ideology. Original, provocative and urgent, *Good Economics for Hard Times* offers the new thinking that we need. It builds on cutting-edge research in economics - and years of exploring the most effective solutions to alleviate extreme poverty - to make a persuasive case for an intelligent interventionism and a society built on compassion and respect. A much-needed antidote to polarized discourse, this book shines a light to help us appreciate and understand our precariously balanced world.

**The Ask and the Answer** Apr 20 2022 Part two of the literary sci-fi thriller follows a boy and a girl who are caught in a warring town where thoughts can be heard - and secrets are never safe. Reaching the end of their flight in *The Knife of Never Letting Go*, Todd and Viola did not find healing and hope in Haven. They found instead their worst enemy, Mayor Prentiss, waiting to welcome them to New Prentisstown. There they are forced into separate lives: Todd to prison, and Viola to a house of healing where her wounds are treated. Soon Viola is swept into the ruthless activities of the Answer, while Todd faces impossible choices when forced to join the mayor's oppressive new regime. In alternating narratives the two struggle to reconcile their own dubious actions with their deepest beliefs. Torn by confusion and

## **Calculus for the Managerial, Life, and Social Sciences** Jun 17 2019

Author Soo Tang Tan knows that students majoring in business, management, economics, and the social and life sciences appreciate understanding how the math they are learning relates to their future careers. So Tan has filled this Fourth Edition of *Calculus for the Managerial, Life and Social Sciences* with a wealth of new applications and examples drawn from newspapers and magazines. It is this real-life, problem-solving approach that makes calculus easier to understand. Tan's concise, inviting writing style and the wide variety of helpful in-text learning features augments this text's user-friendly feel. Wherever possible the author uses an intuitive approach to present new mathematical concepts. Results are often presented informally--without compromising the mathematical content and accuracy--to help students understand new material.

**Book** Jul 23 2022 Learn to calculate dosages accurately and administer drugs safely! Gray Morris's Calculate with Confidence, Second Canadian Edition uses a clear, step-by-step approach to make drug dosage calculations easy. More than 2,000 practice questions help you review basic math and then master the three standard methods of dosage calculation: ratio and proportion, formula, and dimensional analysis. With the increasing responsibility of the nurse in mind, emphasis is placed on critical thinking and clinical reasoning in preventing medication errors. Reflecting current practice in Canadian health care, this book also provides excellent preparation for Canadian licensure exams! SI measurement units and generic/Canadian drug names are included throughout the text. Practice problems and real-world examples help students master correct dosage calculations and safe medication administration, with rationales included in practice problem answers to enhance the understanding of principles. Tips for Clinical Practice boxes summarize information critical to math calculation and patient safety. Safety Alert! boxes highlight common medication errors and identify actions that must be taken to avoid calculation errors. Chapter Review problems test student knowledge of all major topics presented in the chapter. Pre-Test review includes practice problems to help students assess their basic math skills and identify their strengths and weaknesses, covering fractions, decimals, percentages, and ratio and proportion. Post-Test in Unit One allows students to assess and evaluate their understanding after completing the chapters on basic math. Comprehensive Post-Test at the end of the book covers dosage calculations and conversions, using real-life drug labels and situations. **The Internet Is Not the Answer** Nov 15 2021 The renowned Internet commentator and author of *How to Fix the Future* "expos[es] the greed, egotism and narcissism that fuels the tech world" (Chicago Tribune). The digital revolution has contributed to the world in many positive ways, but we are less aware of the Internet's deeply negative effects. *The Internet Is Not the Answer*, by longtime Internet skeptic Andrew Keen, offers a comprehensive look at what the Internet is doing to our lives. The book traces the technological and economic history of the Internet, from its founding in the 1960s through the rise of big data companies to the increasing attempts to monetize almost every human activity. In this sharp, witty narrative, informed by the work of other writers, reporters, and academics, as well as his own research and interviews, Keen shows us the tech world, warts and all. Startling and important, *The Internet Is Not the Answer* is a big-picture look at what the Internet is doing to our society and an investigation of what we can do to try to make sure the decisions we are making about the reconfiguring of our world do not lead to unpleasant, unforeseen aftershocks. "Andrew Keen has written a very powerful and daring manifesto questioning whether the Internet lives up to its own espoused values. He is not an opponent of Internet culture, he is its conscience, and must be heard." —Po Bronson, #1 New York Times–bestselling author
