Breaking Out of Beginner's Spanish Apr 17 2021 Many language books are boring—this one is not. Written by a native English speaker who learned Spanish the hard way—by trying to talk to Spanish-speaking people—it offers English speakers with a basic knowledge of Spanish hundreds of tips for using the language more fluently and colloquially, with fewer obvious "gringo" errors. Writing with humor, common sense, and a minimum of jargon, Joseph Keenan covers everything from pronunciation, verb usage, and common grammatical mistakes to the subtleties of addressing other people, "trickster" words that look alike in both languages, inadvertent obscenities, and intentional swearing. He guides readers through the set phrases and idiomatic expressions that pepper the native speaker's conversation and provides a valuable introduction to the most widely used Spanish slang. With this book, both students in school and adult learners who never want to

see another classroom can rapidly improve their speaking ability. Breaking Out of Beginner's Spanish will be an essential aid in passing the supreme language test-communicating fluently with native speakers.

15 Minute Spanish Oct 31 2019 The ideal Spanish language course for beginners, the 15-Minute language series will teach you how to speak a new language in just 12 weeks! Spanish Sentence Builders - a Lexicogrammar Approach Aug 29 2019 Spanish Sentence Builders is a workbook aimed at beginner to pre-intermediate students co-authored by two modern languages educators with over 40 years of extensive classroom experience between the two, both in the UK and internationally. This 'no-frills' book contains 19 units of work on very popular themes, jam-packed with graded vocabulary-building, reading, translation, retrieval practice and writing activities. Key vocabulary, lexical patterns and structures are recycled and interleaved throughout. Each unit includes: 1) a sentence builder modelling the target constructions; 2) a set of vocabulary building activities; 3) a set of narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text; - a set of retrieval-practice translation tasks; 4) a set of writing tasks targeting essential micro-skills such as spelling, lexical retrieval, syntax, editing and communication of meaning. Based on the Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the student to process and produce each item many times over. This occurs throughout each unit of work as well as in smaller grammar, vocabulary and question-skills micro-units located at regular intervals in the book, which aim at reinforcing the understanding and retention of the target grammar, vocabulary and question patterns.

The world of El Cid Mar 17 2021 Makes available, for the first time in English translation, four of the principal narrative sources for the history of the Spanish kingdom of León-Castile during the eleventh and twelfth centuries. Three chronicles focus primarily upon the activities of the kings of León-Castile as leaders of the Reconquest of Spain from the forces of Islam, and especially upon Fernando I (1037-65), his son Alfonso VI (1065-1109) and the latter's grandson Alfonso VII (1126-57). The fourth chronicle is a biography of the hero Rodrigo Díaz, better remembered as El Cid, and is the main source of information about his extraordinary career as a mercenary soldier who fought for Christian and Muslim alike. Covers the fascinating interaction of the Muslim and Christian worlds, each at the height of their power. Each text is prefaced by its own introduction and accompanied by explanatory notes.

Spanish Lessons Jun 27 2019 Though unjustly neglected by English-language audiences, Spanish film and television not only represent a remarkably influential and vibrant cultural industry; they are also a fertile site of innovation in the production of “transmedia” works that bridge narrative forms. In *Spanish Lessons*, Paul Julian Smith provides an engaging exploration of visual culture in an era of collapsing genre boundaries, accelerating technological change, and political-economic tumult. Whether generating new insights into the work of key figures like Pedro Almodóvar, comparing media depictions of Spain’s economic woes, or giving long-overdue critical attention to quality television series, Smith’s book is a consistently lively and accessible cultural investigation.
