It includes advice on how to support learning, boost motivation and enhance time management, and covers all the essential skills required for successful study, including: Effective reading and note-taking strategies Developing oral skills in a wide range of presentation settings, including what makes a good presentation and how each stage of the process can be prepared for Carrying out well-planned, methodologically sound and well-written research Preparing for examinations and other forms of assessment Producing a professional development portfolio or winning CV Highly accessible, this new edition is an essential resource for all Foundation Degree students who want to get the most out of their course, mature students or anyone with limited or no experience of academic study.

The Media and Communications Study Skills Student Guide Aug 10 2020 All the tips, ideas and advice given to, and requested by, MA students in Media and Communications, are brought together in an easy-to-use accessible guide to help students study most effectively. Based upon

many years of teaching study skills and hundreds of lecture slides and handouts this introduction covers a range of general and generic skills that the author relates specifically towards media and communications studies. As well as the mechanics of writing and presentations, the book also shows how students can work on and engage with the critical and contemplative elements of their degrees whilst retaining motivation and refining timekeeping skills. Of course the nuts and bolts of reading, writing, listening, seminars and the dreaded dissertation and essays are covered too. In addition advice on referencing, citation and academic style is offered for those with concerns over English grammar and expression. Aimed primarily at postgraduate students, there is significant crossover with undergraduate work, so this book will also prove of use to upper level undergraduate readers whether using English as a first or second language.

Effective Study Skills Jun 19 2021 This textbook provides essential guidance to the full range recognised core areas of practical, aspirational and transferable skills needed by a student both to achieve success on any academic course and to deliver improved grades and success both in exams and graded coursework.

Study Skills Aug 22 2021 Includes CD-Rom There are many 'Do-it-Yourself' manuals for students and young people experiencing study skills problems. However, if this group of young people could study these books then they would already have the skills necessary! In order to use a self help manual the student needs internal motivation, the ability to self-instruct from text and the ability to put the learned strategy into place... but these are the same attributes that these students find difficult. In this book, Pat Guy provides a series of lesson plans making up a taught study skills course for secondary schools, sixth forms, FE colleges and Pupil Referral Units. She shows the reader how to teach, through self assessment, practice and confidence-building techniques, the techniques and self management required to achieve independent study skills. All the activities and worksheets, including revision and exam tips for the students, are easily printable from the accompanying CD-rom. The sessions can be delivered by teachers, tutors, Learning Mentors, or anyone whose aim is to improve attendance and achievement in older students. Pat Guy has taught for over twenty years in LEA and secondary schools in Outer London, Northamptonshire, Birmingham and Bedfordshire as a class teacher, subject teacher, SEN support, SENCO and advisory teacher.

Study Skills in English Audio Cassette Feb 25 2022 This is a complete course in study skills for students in further and higher education institutions. Skills taught include: improving reading efficiency; note-taking; preparing for seminars; research techniques; essay organization and presentation; exam preparation. One unit also deals with the social aspects of studying in Britain. The emphasis is on student activity and realistic practical work. To make the course as flexible as possible, suggestions are given in the Tutor's Book for 'full-time' and 'minimum time' allocations within each unit. Full-time allocations give about 90 classroom hours; the shorter programme can be completed in about 50 hours. The Tutor's Book also provides suggestions for further reading and answers to the exercises. Answers are also given in the Student's Book, so making it possible for most of the course to be used for individual study. The cassette recording contains the lecture material for Unit 3 Taking Notes.

Study Skills for Students with Dyslexia Feb 02 2020 Lecturers request your electronic inspection copy here Do you want to improve your study skills? Packed full of advice on topics including note taking, essay writing, reading strategies and exam techniques, Study Skills for Students with Dyslexia is an essential read for students with dyslexia and other Specific Learning Differences (SpLDs) in further and higher education. It provides practical guidance on developing interactive group skills, revision and exam strategies, writing, memory and critical analysis skills.

Study Skills For Business And Management Students May 31 2022 This concise text which contextualises study skills within the specific discipline of management helps students to understand the structure and nature of management, academic practices and their relevance to the workplace, and also the importance of reflective practice.

The Guide to Learning and Study Skills Mar 29 2022 This new guide builds on the hugely successful materials the authors have developed over the last 15 years. Along with highly practical guidance on traditional learning skills, The Guide to Learning and Study Skills provides guidance for students on learning in a blended environment; the increased use of personal and professional development planning, continuing professional development and work-based learning.

Study Skills for Students with SLCN Dec 14 2020 This highly practical resource has been designed to support professionals working with students who have SLCN (Speech, Language and Communication Needs) following a mainstream educational curriculum. Structured as a flexible 10-session programme, it takes a holistic approach to learning, encouraging students to take an active role in their studies by identifying individual learning strengths and building a "toolbox" of successful strategies for revision. With photocopiable pages and downloadable resources, the advice and skills explored in this programme can be adapted to suit students with a range of abilities and incorporated into a timetable that can be used flexibly, over as many weeks as necessary, with very little planning required. Sessions focus on: Learning about revision and study methods, using a combination of visual, auditory and kinaesthetic techniques Creating a study skills folder and revision timetable Teaching command words (words used in exam questions) and exam preparation Building healthy study habits and managing anxiety Being proud of achievements and developing self esteem Setting goals and becoming independent Created to support a range of students, including those with a known diagnosis of autism, developmental language disorder, dyslexia, dyspraxia and attention deficit hyperactivity disorder, this is an invaluable resource for all professionals looking to support young adults in the build up to exams.

Teaching, Learning and Study Skills Jul 09 2020 'This is an essential guide for anyone aspiring to teach in Higher Education in the UK. Not just because it is packed with practical tips and even lecture notes but crucially because it explains the nature of university teaching in the wake of the 'widening participation' agenda... In summary this book is well worth reading' - Educate Journal This is a book for tutors, lecturers and teachers in further and higher education, who need to teach their students how to study, learn and communicate effectively. Based around the same techniques and contents as Tom and Sandra's book Essential Study Skills, which is itself based on many years experience of teaching and mentoring students in higher education, this book is intended to work with traditional and non-traditional students. The material will be suitable for institutions

concerned with widening participation; with student retention; with quality enhancement; with equal opportunities and with professional and staff development. SAGE Study Skills are essential study guides for students of all levels. From how to write great essays and succeeding at university, to writing your undergraduate dissertation and doing postgraduate research, SAGE Study Skills help you get the best from your time at university. Visit the SAGE Study Skills website for tips, quizzes and videos on study success!

Reading and Study Skills Jun 07 2020 By focusing on a wide range of reading and study skills required in the academic world, Reading and Study Skills gives instructors the flexibility to address student needs that might otherwise require several texts. The highly versatile organization divides topics into focused, self-contained modules that can be covered in any order resulting in a text that can be adapted to fit any teaching or learning situation. From its step-by-step, comprehensive coverage of the essential reading and study skills, to its practical, sensible style and tone, this text encourages and motivates students to get the most out of their reading and shows them how to master key study skills in order to have rewarding college experiences.
