**Cochrane Handbook for Systematic Reviews of Interventions** Jul 09 2020 Healthcare providers, consumers, researchers and policy makers are inundated with unmanageable amounts of information, including evidence from healthcare research. It has become impossible for all to have the time and resources to find, appraise and interpret this evidence and incorporate it into healthcare decisions. Cochrane Reviews respond to this challenge by identifying, appraising and synthesizing research-based evidence and presenting it in a standardized format, published in The Cochrane Library ([www.thecochranelibrary.com](http://www.thecochranelibrary.com)). The Cochrane Handbook for Systematic Reviews of Interventions contains methodological guidance for the preparation and maintenance of Cochrane intervention reviews. Written in a clear and accessible format, it is the essential manual for all those preparing, maintaining and reading Cochrane reviews. Many of the principles and methods described here are appropriate for systematic reviews applied to other types of research and to systematic reviews of interventions undertaken by others. It is hoped therefore that this book will be invaluable to all those who want to understand the role of systematic reviews, critically appraise published reviews or perform reviews themselves.

**From Woe to Go!** Apr 05 2020 What does Christian counselling mean? How does it differ from Christian psychology, Christian psychiatry, or even pastoral care? From Woe to Go! focuses on the vocation of counseling conducted within an evangelical Christian worldview, with Christian principles as its driving force. This guide seeks to integrate a comprehensive counselling model for Christian counsellors, a detailed skills-training program, and an extensive incorporation of spiritual resources. An inclusive training tool, it outlines a three-stage model for Christian counsellors and professionals who want to integrate their faith with their professional work. For those who seek to enhance their skills, it also introduces and explains Incarnational Counselling, an approach that emphasizes the priority of exhibiting the presence of Christ in the counselling process. Authors Graham Barker, PsyD, and Clifford Powell, PhD, bring more than fifty years of clinical experience and graduate counsellor training to their groundbreaking guide, incorporating sound theory, practical skills, and unique spiritual resources available to followers of Jesus seeking to minister in the counselling arena.
