You can choose to focus on building understanding using the graduated questions or take a Mastery approach to exposition using manipulatives and 'concrete, pictorial, abstract' in the optional class activities. Answers will be provided online.

KS2 Maths Workbook - Key Stage Two Puzzles to Support the National Curriculum (Ages 8 - 11) Dec 26 2021 Are you a teacher who needs extra tasks for early finishers? Is your child spending too much time behind a screen?  This book was designed to provide a learning opportunity to foster the curiosity and confidence of children aged 8-11 and set them well on the path to academic success. The goal that this book sets out to achieve, is to provide puzzles that are stimulating and creative, leaving the puzzle solver hungry for more. To assist in this goal, the use of graphics is used where possible, multi-step puzzles were utilised, and a progression in difficulty exists for every puzzle type. To allow for independent work, where necessary, math guides are included, and students can assess their performance themselves via the solutions at the back of the book.  What are the learning outcomes for this book? The puzzles inside have been designed to support the learning of key areas outlined in the Primary National Curriculum for Key Stage Two, specifically: Solve addition, subtraction, & multiplication problems utilising the correct order of operations Reading of Roman numerals (in historical context) up to 1000 (M) Addition and Subtraction of up to 3 digits Addition & Subtraction of fractions with the same denominator Solve money problems involving fractions and decimals to two decimal places Multiply numbers of up to 3 digits by 1 or 2 digit numbers Multiply & divide proper, improper, and mixed fractions

Multiply simple pairs of proper fractions, writing the answer in its simplest form Solve problems which require answers to be rounded to specified degrees of accuracy Solve problems involving the calculation of percentages
