Right here, we have countless ebook *Khanyisa College At Bush* and collections to check out. We additionally pay for variant types and afterward type of the books to browse. The normal book, fiction, history, novel, scientific research, as skillfully as various extra sorts of books are readily friendly here.

As this *Khanyisa College At Bush*, it ends occurring bodily one of the favored books *Khanyisa College At Bush* collections that we have. This is why you remain in the best website to see the unbelievable books to have.

George W. Bush, Former President of the United States (Leadership, Vision, Reforms) Sep 22 2021 A collaboration between an attorney and an animal protection advocate, this work utilizes the extremely controversial and high-profile "crush video" case, "US v. Stevens," to explore how American society attempts to balance the protection of free speech and the prevention of animal cruelty. Starting from the detailed case study of a single prominent ruling, the authors provide a masterful survey of important issues facing society in the area of animal welfare. The Stevens case included various "hot topic" elements connected to the role of government as arbiter of public morality, including judicial attitudes to sexual deviance and dogfighting. Because it is one of only two animal rights cases that the US Supreme Court has handled, and the only case discussing the competing interests of free speech and animal cruelty, it will be an important topic for discussion in constitutional and animal law courses for decades to come. The Stevens case arose from the first conviction under 18 USC 48 (Section 48), a federal law enacted in 1999, which criminalized the creation, sale, and/or possession of certain depictions of animal cruelty. The US Congress intended Section 48 to end the creation and interstate trafficking of depictions of animal cruelty in which animals are abused or even killed for entertainment's sake. Proponents of Section 48 predicted that countless benefits to both humans and animals would flow from its enforcement. Opponents of the law argued that it was too far-reaching and would stifle protected speech. Critics of Section 48 appeared to have prevailed when the US Supreme Court struck the law down as unconstitutionally overbroad. Although a law tailored to address the Supreme Court's concerns was quickly enacted, the free speech/animal cruelty controversy is far from over.

Rod Bush: Lessons from a Radical Black Scholar on Liberation, Love, and Justice Apr 29 2022 Editor: Melanie E. L. Bush - Foreword: Robin D. G. Kelley Co-editors: Rose M. Brewer, Daniel Douglas, Loretta Chin, Robert Newby Series Editor: Mohammad H. Tamdgidi Roderick Douglas Bush (1945-2013) was a scholar, educator, mentor, activist and a loving human being. In reflecting on his life well-lived, the contributors in *Rod Bush: Lessons from a Radical Black Scholar on Liberation, Love, and Justice* share insightful lessons from his life and works on how to effect liberation and radical social transformation in the everyday practices of scholarship, teaching, activism, and personal interaction through a loving spirit dedicated to social justice. Rod Bush was deeply convinced that "Pan-European racism is the Achilles' heel of the modern world-system, and the demographic situation of the United States, with its large, strategically located populations of color, is a key locus of struggle for a more just, democratic, and egalitarian world order." This book shows by the example of Rod Bush how one can "be the change"—through a commitment to everyday practices and personal transformations that embody, enable, embrace, and engage global social change. This anthology provides deep reflections on the question of how one can live radical principles in contemporary times. What does it mean to be human? How does one embed love and justice in one's worldview and daily practice? Rod Bush, partner, colleague, teacher, mentor, comrade, and friend, was well known as an activist scholar who incorporated his values into his teaching, mentorship and everyday interactions. Therefore, his theoretical interests and practical involvements in movements are intimately linked and simultaneous. In his foreword, Robin D. G. Kelley shares his intimate views of Rod Bush's life and works. In his view, Rod's "commitment to study and struggle in the service of human liberation knew no boundaries. His vision was planetary. He wrote critically and brilliantly about Black radical movements—here and abroad—and about the destructive power of racism, colonialism, capitalism (the modern world-system), all with the goal of transforming a society based on exploitation, subjugation, and war into a society rooted in mutual benefit, life, and love." At a historical moment when the political landscape is fraught with volatility, and the Movement for Black Lives and other struggles for dignity and justice gain increasing momentum, Rod's life serves as an example, providing many lessons that we can draw from and practice ourselves. Rod consistently asserted that it is critical to recognize the historical leadership of those involved in struggles for Black Liberation and justice writ large. For, a vision for Black Lives is indeed a vision that benefits all humanity. The anthology is edited by Melanie E. L. Bush and co-edited by Rose M. Brewer, Daniel Douglas, Loretta Chin, and Robert Newby. Contributors include: Robin D. G. Kelley (Foreword), Angelo Taivo Bush, Chris Sneed, Daniel Douglas, Godfrey Vincent, Matthew Birkhold, Loretta Chin, Latoya A. Lee, Tatiana Chichester, A. Kia Sinclair, Mojibolali Olufunke Okome, Natalie P. Byfield, Komozí Woodard, Bob Barber, Rodney D. Coates, Charles "Cappy" Pinderhughes, Jr., James V. Fenelon, Walda Katz-Fishman, Jerome Scott, Rose M. Brewer, Robert Newby, Roderick D. Bush, and Melanie E. L. Bush. The anthology is a volume (XII, 2019) in the Edited Collection Series of Human Architecture: Journal of the Sociology of Self-Knowledge, edited by Mohammad H. Tamdgidi. Endorsements "One look at the list of contributors to this compendium with its diverse assembly of scholars, and I knew that Rod Bush's lessons would be fully absorbed and explicated. I only wish I could have spent more time with him and been a beneficiary of his immense insights on love, liberation and justice. Rod would be proud of the commentaries and the thoughtful devotion of the editors." — Herb Boyd, writer, activist, and academic, most recently author of *Black Detroit — A People's History of Self-Determination and the forthcoming Black Panther Film: Paradigm Shift or Not? An Anthology co-edited with Haki Madhubuti* "Though—sadly—not a household name, when the history of his era is written, undoubtedly the immense intellectual and political contributions of Rod Bush will not only be acknowledged but also celebrated. The volume at hand gives an indication of why this is so." — Gerald Horne, author, *The Apocalypse of Settler Colonialism: The Roots of Slavery, White Supremacy and Capitalism in 17th Century North America and the Caribbean* "This is a brilliant collection of essays by notable engaged scholars celebrating the life and work of Rod Bush, as a whole forming a textual critique of Bush's essential research, theory, and writing. It elucidates the most important decolonial movements of our time, including race, class and gender, Black internationalism, Black nationalism and Native American struggles, social justice, and more. Other essays reveal the beauty and ethical stance of the man himself. The book is a treasure that social science and humanities instructors will find invaluable as a teaching text." — Roxanne Dunbar-Ortiz, professor-emerita, author of *An Indigenous Peoples History of the United States*, and *Loaded: A Disarming History of the Second Amendment* "Rod Bush was a most remarkable person. He started out as my student, and became my friend and collaborator. Rod mixed first-class scholarship with first-class activism. He became a model for all of us. We shall miss him dearly. The way to honor him is to emulate him. We can all learn from him." — Immanuel Wallerstein, Senior Research Scholar, Yale University, author of *The Modern World-System I-IV*, and *The World-System and Africa* "This volume is not only a welcome tribute to a deep thinker, talented organizer, outstanding teacher, and a caring, compassionate human being. It is also a rich tapestry of insights, stories and images that inspires us to keep pushing until everyone — everyone — lives in a world of peace, justice and freedom." — Max Elbaum, author of *Revolution in the Air: Sixties Radicals Turn to Lenin, Mao and Che*

Reggie Bush Aug 22 2021 Highlights the life and career of the New Orleans Saints running back, from his childhood and college athletic careers to his stellar professional career and prominent public life.

George W. Bush Oct 31 2019 A biography of the forty-third president.

Encyclopedia of the Reagan-Bush Years Jul 29 2019 The first and only ready-reference source on the Reagan-Bush years.

George H. W. Bush Mar 17 2021 George H. W. Bush ranks among America's most distinguished men of the twentieth century. A war hero, businessman, politician, and the forty-first president of the United States, Bush has spent most of his life dedicated to public service. Curt Smith worked with Bush for more than twenty years, including during his presidency, when Smith wrote more speeches for Bush than anyone else. Smith's exploration of Bush's service includes in-depth narratives on the invasion of Panama, the first Gulf War, the fall of the Berlin Wall, and the collapse of the Soviet Union and the Iron Curtain. He also chronicles the contrasting presidential elections of 1988 and 1992, examining the successes and failures of each. Smith profiles the people germane to Bush's life and career: his wife, Barbara; mentors such as Ronald Reagan; and political allies such as Margaret Thatcher, and many more. George H. W. Bush: Character at the Core shows how Bush's courtesy and belief in work, religion, and American exceptionalism helped the patrician connect with Middle America and take his place among the most revered statesmen of his time.

George Bush Feb 02 2020

George H. W. Bush Oct 24 2021 Presents the life of the forty-first president of the United States, relating his childhood, career, political background, and reaction to events that occurred during his presidency.

[Bush Camp](#) Apr 05 2020 A wounded grizzly, an out-of-control forest fire and mysterious events attributed by the natives to a mythical 'wild man' plague a group of mine hunters in the Northern British Columbia wilderness. Dusty Sherant, a contract geologist in rough financial shape takes on the project to explore a group of claims for some unscrupulous stock promoters, much against his better judgment. He assembles a motley crew of experienced bush workers and neophytes from diverse backgrounds. Dusty expects the worst and is not disappointed. Conflicts among crew members and romantic liaisons with native girls from a nearby village disrupt the work plan. Unexplained happenings intensify as the crew begins working near the mountains culminating in the death of one of its members. In spite of the setbacks the job is completed, but Dusty's problems continue as he tries to collect payment for the work.

George Bush Jul 01 2022 In the first full biography of the former president, award-winning historian and biographer Herbert S. Parmet draws from George Bush's personal papers to look at the man who led America through the end of the Cold War. Enriched by access to Bush's private diaries, the book provides an intimate portrait of the forty-first president, and corrects many long-held misconceptions about him. Parmet shows George Bush within the context of a half century of American life and politics, at a time when great changes swept the nation. Parmet traces Bush's life from his New England youth, through World War II; from his leadership of the CIA, through his vice presidency and presidency, through his loss of the 1992 presidential election to Bill Clinton. This book will be of interest to readers of politics and political biographies. Herbert S. Parmet is Distinguished Professor Emeritus of History at The City University of New York. He is author of several books including *Eisenhower and the American Crusades*, also published by Transaction.

President George W. Bush's Influence over Bureaucracy and Policy May 07 2020 This book investigates the methods used by the Bush Administration to control bureaucratic agencies, including executive orders, signing directives, political appointments, and others, as well as the effects those methods have had on agency outputs.

The Bush League of Nations Oct 12 2020 With hard analysis and good humor, the author exposes the Coalition of the Willing as a rightwing myth to deceive Americans while the neo-GOP wages war on Iraq and America. Includes 3 plans: 1) "Withdraw from Iraq and Win in Afghanistan"; 2) "An International Plan"; and 3) "Support Our Troops." Includes analysis of the so-called coalition and the 50+ nations shamelessly claimed to be members. Topics include: the just war principles; corporate mercenaries in Iraq; the warmongering role of neons and Big Media; GOP corruption in America and Iraq; treason and crimes against humanity; and GOP tools used to gut the U.S. Constitution and bankrupt America. Includes Articles of Impeachment and extensive index. The author served in the Peace Corps in the Muslim nation of Morocco. Raised a Lutheran in North Dakota and now a Methodist, he's appalled at the Christian Reich's neo-Jesus: Pro-War and Pro-Rick. He holds JD & MBA degrees from Stanford and SB from MIT. See [www.bushleagueofnations.com](#).

Public Papers of the Presidents of the United States: George Bush, 1991 Jul 09 2020 Public Papers of the Presidents of the United States

1401-1582 Sep 03 2022

We Will Prevail: President George W. Bush on War, Terrorism and Freedom Mar 05 2020 Here are the authorized major speeches and statements by President George W. Bush on the most important issue facing the United States and perhaps the world today: global terrorism. The book begins with the terrible events of September 11, 2001, and concludes on Memorial Day, May 31, 2003, following the end of the war in Iraq. We Will Prevail is a definitive and timely record of the new foreign-policy doctrines and international direction of the United States since 9/11. It is inspiring, in the words of praise from President Bush for the people who lost their lives on that day - many in service to others - as well as in the global war on terror. This book is certain to spark controversy and be studied for years to come. The White House counsel has approved this publication which includes State of the Union addresses from 2002 and 2003 as well as the speech from the deck of the aircraft carrier USS Abraham Lincoln.

Called to Serve Mar 29 2022 In Called to Serve, founding director Charles F. Hermann and writer Sally Dee Wade chronicle the twenty-year history of the George Bush School of Government and Public Service, which has rapidly evolved into one of the nation's major professional graduate schools of public and international affairs. The story traces the progress of the Bush School from its initial challenges to secure funding, students, and professors to its departure from the College of Liberal Arts as an independent unit with its own dean and faculty, and through the creation of its current curricula and policy-oriented research institutes. Insider stories and candid photographs illustrate how President Bush's focused personal interest and involvement with the school and its students have contributed to the many developments and successes that the Bush School has enjoyed. With carefully researched narrative and absorbing, behind-the-scenes details, *Called to Serve* documents the first two decades of the Bush School's brief but significant history and looks to the promising future that awaits this widely respected academic enterprise.

Testimonials in Favour of ... Robert Wheeler Bush [As Candidate for the Head-Mastership of Marlborough College] Dec 26 2021 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. Hearings on the Effects of President Bush's Budget on Education Programs Sep 10 2020

Understanding The Military Service Record of George W. Bush Aug 10 2020 George W. Bush's service in the Texas Air National Guard was a contentious issue in three of his election campaigns: Governor of Texas - 1994, President of the United States - 2000, 2004. This monograph for historians explains the arcane, armed forces reserve system during the time of Bush's military service (1968-1974) and presents a history of such service. Bush's military biography is based primarily on source documents released by the White House in 2003 and 2004, plus those obtained by researchers through Freedom of Information Act requests. Selected documents from the former president's military service record appear in the 103-page appendix and are cited in the 51 pages of textual material.

The Leadership Genius of George W. Bush Dec 02 2019 Identifies ten principles that the authors believe make president George W. Bush an effective manager and leader, citing his choices during such events as his election and the September 11 attacks, and explaining how managers can utilize his examples for improved job performance. 50,000 first printing. \$75,000 adprmo.

Bush's Brain Nov 24 2021 Praise for Bush's Brain "Love him or hate him, Karl Rove is one of the most brilliant and successful political consultants of all time. In this riveting account, Wayne Slater and Jim Moore tell how he got there." —Paul Begala, CNN's Crossfire "Bush's Brain isn't a hatchet job on George W. Bush. In fact, the two authors largely dispel the myth of Bush's supposedly deficient IQ. But, more importantly, they lay bare the story of how Karl Rove may be the most powerful man in America. It's a compelling story told by two veteran Texas journalists who don't need a briefing packet to understand the men they're writing about." —Philip Bruce, KCET/PBS Television, Los Angeles The most powerful individual in the United States may not be George W. Bush. It is probably Karl Rove, the President's brilliant advisor. Who is this man and how did he acquire so much power? Having watched in awe for over fifteen years as they reported on the rise of Karl Rove, Moore and Slater expose the brutal and sometimes morally questionable, but invariably effective ways in which Karl Rove—and America's political system—actually operate.

Leadership and Strategic Management in Education May 31 2022 *Leadership and strategic management are both issues of central importance in raising achievement in schools and colleges and thus are at the heart of the educational debate today. This book is concerned with such major issues as: the nature of strategic management in education; the importance of vision, and mission; styles of leadership; models of educational management; and the purposes of strategic management, which here are equated with the effectiveness and improvement of the institution. It will be invaluable for students of educational management, such as those following masters degrees. It is also directly relevant to teachers and lecturers and schools of all phases and in further education colleges*

Decision Points Jul 21 2021 *Decision Points is the extraordinary memoir of America's 43rd president. Shattering the conventions of political autobiography, George W. Bush offers a strikingly candid journey through the defining decisions of his life.*

The Library of Emmanuel College, Cambridge, 1584-1637 Jun 07 2020 *The first early history of this library detailing the intellectual resources available to the many influential Emmanuel men of the period.*

A Bird in the Bush Sep 30 2019 "In seven studies by history and political science specialists, Bush's policies are examined, from taxes to employment, the environment, sex education, social security, health care and the war in Iraq"--Provided by publisher.

Judging Bush May 19 2021 *Judging Bush incorporates the diverse voices of presidential scholars, policy experts, and members of past administrations to present a balanced and systematic initial evaluation of the two terms of George W. Bush. A History of Agriculture and Prices in England: 1401-1582* Nov 05 2022

Leading and Managing People in Education Jan 27 2022 *The authors cover the overall approach to leading and managing staff in educational organizations, including common topics which are essential to those who lead and manage, at all levels in the organization.*

Contemplative Practices in Higher Education Feb 25 2022 *Contemplative pedagogy is a way for instructors to integrate their own experience into the theoretical material they are being taught in order to deepen their understanding; help students to develop sophisticated problem-solving skills; support students' sense of connection to and compassion for others; and engender inquiries into students' most profound questions. Contemplative practices are used in just about every discipline—from physics to economics to history—and are found in every type of institution. Each year more and more faculty, education reformers, and leaders of teaching and learning centers seek out best practices in contemplative teaching, and now can find them here, brought to you by two of the foremost leaders and innovators on the subject. This book presents background information and ideas for the practical application of contemplative practices across the academic curriculum from the physical sciences to the humanities and arts. Examples of contemplative techniques included in the book are mindfulness, meditation, yoga, deep listening, contemplative reading and writing, and pilgrimage, including site visits and field trips.*

Bush on the Home Front Dec 14 2020 *Military operations in Afghanistan and Iraq consumed so much attention during his presidency that few people appreciated that George W. Bush was also an activist on the home front. Despite limited public support, and while confronting a deeply divided Congress, Bush engineered and implemented reforms of public policy on a wide range of issues: taxes, education, health care, energy, environment, and regulatory reform. In *Bush on the Home Front*, former Bush White House official and academic John D. Graham analyzes Bush's successes in these areas and setbacks in other areas such as Social Security and immigration reform. Graham provides valuable insights into how future presidents can shape U.S. domestic policy while facing continuing partisan polarization.*

George W. Bush and the Redemptive Dream Jan 15 2021 *George W. Bush remains a highly controversial figure, a man for whom millions of Americans have very strong feelings. Dan McAdams' book offers an astute psychological portrait of Bush, one of the first biographies to appear since he left office as well as the first to draw systematically from personality science to analyze his life. McAdams, an international leader in personality psychology and the narrative study of lives, focuses on several key events in Bush's life, such as the death of his sister at age 7, his commitment to sobriety on his 40th birthday, and his reaction to the terrorist attacks of September 11, and his decision to invade Iraq. He sheds light on Bush's life goals, the story he constructed to make sense of his life, and the psychological dynamics that account for his behavior. Although there are many popular biographies of George W. Bush, McAdams' is the first true psychological analysis based on established theories and the latest research. Short and focused, written in an engaging style, this book offers a truly penetrating look at our forty-third president.*

George W. Bush 6-Pack Aug 29 2019 *George W. Bush grew up in a prominent political family in Texas. After serving as Texas governor, Bush followed his father's footsteps in becoming President of the United States. This biography allows readers to discover the life of George W. Bush and explore some of the impact he made as president through acts like No Child Left Behind. Readers will also learn of the many unexpected challenges Bush faced, such as the al-Qaeda attack on September 11, 2001, the War on Terror, and the Iraq War. The engaging facts, vibrant images, and supportive text work in conjunction with the accommodating glossary and index to help children understand Texas history, the content, and vocabulary. This 6-Pack includes six copies of this title and a lesson plan.*

Summary: The Fall of the House of Bush Jan 03 2020 *The must-read summary of Craig Unger's book: "The Fall of the House of Bush: The Untold Story of How a Band of True Believers Seized the Executive Branch, Started the Iraq War, and Still Imperils America's Future". This complete summary of "The Fall of the House of Bush" by Craig Unger, a prominent American journalist and writer, presents the author's revelation of the unknown secrets behind Bush's leading America into Iraq. He examines how the Christian Right endangered America's constitutional democracy by leading the country into the catastrophic, impossible war in the Middle East. Added-value of this summary: • Save time • Understand the hidden reasons behind the Iraq War • Expand your knowledge of American politics and international relations To learn more, read "The Fall of the House of Bush" and discover the true reasons behind the Bush administration's most catastrophic decision.*

A History of Agriculture and Prices in England Oct 04 2022

Tarnished Heisman Aug 02 2022 "In order that there will be no misunderstanding regarding the eligibility of a candidate, the recipient of the award must be a bona fide student of an accredited university. The recipient must be in compliance with the bylaws defining an NCAA student." -- From the ballot for the Heisman Trophy December 10, 2005: Amid a roaring ovation and media crush, with his family standing proudly by his side, Reginald Alfred Bush is named the year's Heisman Trophy winner. With his honest demeanor, effervescent smile and, of course, stunning talent displayed on the fields of the University of Southern California, Reggie Bush is, on that celebratory night, the portrait of a great American sportsman, and the pinnacle of everything the NCAA espouses in its athletes. What America didn't know about the acclaimed college star was that, in direct violation of NCAA policies, Bush and his family had allegedly taken hundreds of thousands of dollars in cash and gifts long before he ever laid his hands on the Heisman. The rumors first surfaced one week before the 2006 NFL Draft: allegations of improper benefits that transformed Bush's final year at USC into a financial windfall. The resulting scandal from such charges could mark one of the darkest chapters in college football history. Now, drawn together for the first time in *Tarnished Heisman*, the facts are laid bare. Don Yaeger, a former *Sports Illustrated* investigative reporter who documented the Duke University lacrosse case in the shattering *New York Times* bestseller *It's Not About the Truth*, reveals the heated controversy behind Bush's high-flying rise before turning pro for the New Orleans Saints, going back to his first taste of fame, when Bush landed in the pages of *Sports Illustrated* and all eyes were watching to see what was next for the USC sophomore. What few eyes saw, however, were the ties between Bush and two San Diego men, cofounders of a fledgling sports agency, who claim to have paid Bush and his family in cash and gifts to ensure his endorsement -- benefits including a vintage car, lavish trips, and an upscale home where Bush's family lived rent-free. Don Yaeger exposes the NCAA-prohibited activity in which Bush allegedly engaged, and also shows how USC and its coaching staff appeared to have turned a blind eye to the increasingly luxurious lifestyle of their star athlete and his family. With the explosive information revealed in *Tarnished Heisman*, Bush stands to be ruled ineligible -- a decision that could cost his alma mater the 2004 national championship title, force the forfeit of every game Bush played in after losing his eligibility, and potentially strip Reggie Bush of the shining prize of his college career: the Heisman Trophy.

The Bush Administration, Sex and the Moral Agenda Feb 13 2021 *Edward Ashbee provides the first book-length study of the Bush administration's approach to moral issues and cultural concerns. He considers the policy of the White House towards issues such as abortion, sex education, obscenity and same-sex marriage.*

The Rhetorical Presidency of George H. W. Bush Jun 19 2021 *Here, the contributors suggest how embracing the art of rhetoric might have allowed Bush to respond more successfully to the challenges of his presidency. Drawing on the resources of the Bush Presidential library and interviews with some of his White House aides, they explore such issues as the first Gulf War, the fall of the Berlin wall, Bush's environmental stance, and the 1992 re-election campaign. George W. Bush: Texas Governor and U.S. President* Jun 27 2019 *George W. Bush grew up in a prominent political family in Texas. After serving as Texas governor, Bush followed his father's footsteps in becoming President of the United States. This biography allows readers to discover the life of George W. Bush and explore some of the impact he made as president through acts like No Child Left Behind. Readers will also learn of the many unexpected challenges Bush faced, such as the al-Qaeda attack on September 11, 2001, the War on Terror, and the Iraq War. The engaging facts, vibrant images, and supportive text work in conjunction with the accommodating glossary and index to help children understand Texas history, the content, and vocabulary.*

Obama Won, but Romney Was President Nov 12 2020 *On November 6, 2012, voters went to the polls to vote in the most highly contested (and most expensive) presidential election in U.S. history. There was more attention paid to a few so-called "swing states" than ever before because everyone realized the election would be won or lost in the Electoral College, not in the general election. This book, written by a college professor, analyzes every presidential election in the country's history with special focus on the role played by the Electoral College. He describes how duels and scandals and wars and secret deals contributed to a win or a loss for presidential candidates throughout U.S. history. Dr. Murdock provides fascinating details about how the Electoral College was created at the 1787 Constitutional Convention as a compromise with the slave states and the smaller-population states, and how it has distorted the election process ever since. He also describes how the election process has evolved, how political parties have learned to target Electoral College votes instead of the popular vote. As he says, targeting swing states has become the "new" way to win presidential elections. In the final chapters, he analyzes, in detail, the presidential election of 2012 and predicts how it will influence all future elections.*

Nashville Directory Apr 17 2021
