The Trap (Trapped Prequel) Feb 21 2022 "Oh MY GOSH this book was not amazing, it wasn't great it wasn't good, it was mind blowingly insanely, awesome..." ~ B.E. Love, Goodreads Looking back, I should have seen it coming. Paige didn't like that I went so far away to university. But it was going to only be for two years. She'd join me after she did her two years at community college. I thought we could swing that no problem. We were solid. But she hated the distance. She hated not seeing me every day. She complained that I didn't come home enough. She hated that for months on end, texting and phone calls were our only form of communication. It wasn't enough. She'd ask about the girls on campus. She'd gotten it into her head that girls were always making a play for me. I laughed and told her, even if that were true, I'd never cheat on her. She didn't seem completely reassured by that. The bottom line is, Paige thought she was losing me. She wanted me home with her. But I could never imagine the level she'd sink to--the trap she'd set to make that happen. And like an idiot I walked right into it. And it's a mistake I'm going to have to pay for the rest of my life. This is a 21,000 word (85 page) prequel to TRAPPED Other books in the series: Trapped (Includes the prequel, The Trap and Christmas Bonus short) Played (Erin & Josh) - TBA Connecting series: Unforgettable You Only For You (Book 1) - Olivia & Zach All Over You (Book 2) - Rebecca & Scott Always Been You (Book 3) - April & Troy Forever With You (Emily & Graham) - Sep 12, 2017

Blackstar (An Ethan Drake Prequel) Apr 13 2021 What do you do when the company you work for becomes more dangerous than the monsters it sends you out to kill? My name is Ethan Drake and I'm a Commander in the Combat Department of Blackstar, a global company meant to protect against the monsters out there. Lately though, I'm beginning to wonder if the Company itself isn't the real monster. Right now, I'm knee-deep in demons, coming to the end of an epic three-day battle taking place in the slums of the city. We were sent in to hunt out a demon terrorist named Molloch, responsible for a string of atrocities in the name of...hell, I don't know what cause he's fighting. Neither do I care. Fact is, I'm at the end of my tether and thinking of jacking it all in to go do something else anyway. It doesn't help that this mission isn't about what the Company claims it's about. Something else is going. I intend to find out what it is, and then confront the head of the Company, Wendell Knightsbridge, a.k.a. The Magician—though I might just get the Cocktail or a bullet to the head if I do. So while my future is anything but certain, what better time to delve into my past than in the thick of battle? Maybe then I'll get some clarity and find out why I've ended up a corporate killing machine...if the demons or Blackstar don't put an end to me first that is. And if I make it out alive, I hear the police department are hiring...
