*The Baker's Secret* Jul 29 2019 A tale beautifully, wisely, and masterfully told.” — Paula McLain, author of *The Paris Wife* and *Circling the Sun* From the multiple-award-winning, critically acclaimed author of *The Hummingbird* and *The Curiosity* comes a dazzling novel of World War II—a shimmering tale of courage, determination, optimism, and the resilience of the human spirit, set in a small Normandy village on the eve of D-Day. On June 5, 1944, as dawn rises over a small town on the Normandy coast of France, Emmanuelle is making the bread that has sustained her fellow villagers in the dark days since the Germans invaded her country. Only twenty-two, Emma learned to bake at the side of a master, Ezra Kuchen, the village baker since before she was born. Apprenticed to Ezra at thirteen, Emma watched with shame and anger as her

kind mentor was forced to wear the six-pointed yellow star on his clothing. She was likewise powerless to help when they pulled Ezra from his shop at gunpoint, the first of many villagers stolen away and never seen again. In the years that her sleepy coastal village has suffered under the enemy, Emma has silently, stealthily fought back. Each day, she receives an extra ration of flour to bake a dozen baguettes for the occupying troops. And each day, she mixes that precious flour with ground straw to create enough dough for two extra loaves—contraband bread she shares with the hungry villagers. Under the cold, watchful eyes of armed soldiers, she builds a clandestine network of barter and trade that she and the villagers use to thwart their occupiers. But her gift to the village is more than these few crusty loaves. Emma gives the people a taste of hope—the faith that one day the Allies will arrive to save them.

**The Curiosity** Nov 24 2021 For readers of Justin Cronin's *The Passage*, S J Watson's

Before I go to Sleep and Audrey Niffenegger's *The Time Traveller's Wife*, *The Curiosity* is a haunting love story in which a man frozen for 100 years wakes up in today's America to be hounded by tabloids, condemned by religious conservatives, and hunted by a presidential candidate while he strives to come to terms with his unique second life, one in which he falls in love with a beautiful scientist from a century after him. Maverick scientific genius Erastus Carthage has developed a technique to bring frozen simple-celled animals back to life. But when his Arctic research vessel discovers a body encased in an iceberg, he seizes the chance to apply his pioneering process to a human being. The man Carthage's lab awakens from death is Jeremiah Rice, a Massachusetts judge, who was born in 1868 and fell overboard in 1906. Jeremiah is an instant celebrity - chased by paparazzi, vilified by the religious right, and overwhelmed by a society he sees as brilliant and diverse but also vulgar and violent. As his only ally biologist Kate Philo attempts to protect him from financial and political exploitation, the two fall in love. Meanwhile, Jeremiah's time on earth is slipping away.

*Management, Global Edition* Jul 09 2020 For undergraduate Principles of Management courses REAL Managers, REAL Experiences With a renewed focus on skills and careers, the new edition of this bestselling text can help better prepare your students to enter the job market. *Management, Thirteenth Edition* vividly illustrates effective

*The Future of Pakistan* Oct 24 2021 With each passing day, Pakistan becomes an even more crucial player in world affairs. Home of the world's second-largest Muslim population, epicenter of the global jihad, location of perhaps the planet's most dangerous borderlands, and armed with nuclear weapons, this South Asian nation will go a long way toward determining what the world looks like ten years from now. *The Future of Pakistan* presents and evaluates several scenarios for how the country will develop, evolve, and act in the near future, as well as the geopolitical implications of each. Led by renowned South Asia expert Stephen P. Cohen, a team of authoritative contributors looks at several pieces of the Pakistan puzzle. The book begins with Cohen's broad yet detailed overview of Pakistan, placing it within the context of current-day geopolitics and international economics. Cohen's piece is then followed by a number of shorter, more tightly focused essays addressing more specific issues of concern. Cohen's fellow contributors hail from America, Europe, India, and Pakistan itself, giving the book a uniquely international and comparative perspective. They address critical factors such as the role and impact of radical groups and militants, developments in specific key regions such as Punjab and the rugged frontier with Afghanistan, and the influence of —and interactions with —India, Pakistan's archrival

since birth. The book also breaks down relations with other international powers such as China and the United States. The all-important military and internal security apparatus come under scrutiny, as do rapidly morphing social and gender issues. Political and party developments are examined along with the often amorphous division of power between Islamabad and the nation's regions and local powers. Uncertainty about Pakistan's trajectory persists. The Future of Pakistan helps us understand the current circumstances, the relevant actors and their motivation, the critical issues at hand, the different outcomes they might produce, and what it all means for Pakistanis, Indians, the United States, and the entire world. Praise for the work of Stephen P. Cohen The Idea of Pakistan: "The intellectual power and rare insight with which Cohen breaks through the complexity of the subject rivals that of classics that have explained other societies posing a comparable challenge to understanding." — Middle East Journal India: Emerging Power: "In light of the events of September 11, 2001, Cohen's perceptive, insightful, and balanced account of emergent India will be essential reading for U.S. foreign policymakers, scholars, and informed citizens." — Choice

Management Nov 05 2022 Robbins and Coulter's best-selling text demonstrates the real-world applications of management concepts and makes management come alive

by bringing real managers and readers together. As it successfully integrates the various functions of management, the book establishes a dialogue with managers from a variety of fields. The authors examine managerial issues concerning defining the manager's terrain, planning, organizing, leading and controlling. For managers of all kinds.

**The Years of Silence are Past** Aug 22 2021 Sharing his father's lifelong battle with bipolar disease, and vividly detailing the isolation, confusion, despair, and destruction that both the patients and families experience, the author shows that even through the darkest of times, strength, resilience, and compassion can triumph. (Psychology & Self-Help)

**Figure It Out** Mar 17 2021 Information is easy. Understanding is hard. From incomprehensible tax policies to confusing medical explanations, we're swamped with information that we can't make sense of. Figure It Out shows us how to transform information into better presentations, better meetings, better software, and better decisions. So take heart: under the guidance of Anderson and Fast, we can, in fact, figure it out—for ourselves and for others.

You will continue to access your digital ebook products whilst you have your Bookshelf installed. For undergraduate Principles of Management courses. REAL managers, REAL experiences With a renewed focus on skills and careers, the new edition of this bestselling text can help better prepare your students to enter the job market. Management, 14th Edition vividly illustrates effective management theories by incorporating the perspectives of real-life managers. Through examples, cases, and hands-on exercises, students will see and experience management in action, helping them understand how the concepts they're learning actually work in today's dynamic business world.

*The New Public Governance* Apr 17 2021 Despite predictions that 'new public management' would establish itself as the new paradigm of Public Administration and Management, recent academic research has highlighted concerns about the intra-organizational focus and limitations of this approach. This book represents a comprehensive analysis of the state of the art of public management, examining and

framing the debate in this important area. The New Public Governance? sets out to explore this emergent field of research and to present a framework with which to understand it. Divided into five parts, the book examines: Theoretical underpinnings of the concept of governance, especially competing perspectives from Europe and the US Governance of inter-organizational partnerships and contractual relationships Governance of policy networks Lessons learned and future directions Under the steely editorship of Stephen Osborne and with contributions from leading academics including Owen Hughes, John M. Bryson, Don Kettl, Guy Peters and Carsten Greve, this book will be of particular interest to researchers and students of public administration, public management, public policy and public services management.

**Management** Oct 04 2022 Directed primarily toward undergraduate Management or Business college/university majors, this text also provides practical content to current and aspiring industry professionals. This bestselling text vividly illustrates management theories by incorporating the perspectives of real-life managers. Throughout this text, readers will see and experience management in action, helping them understand how the concepts they're reading about work in today's business world.

**The Truth about Managing People-- and Nothing But the Truth** Aug 02 2022 One of the world's leading management experts distills today's most important management

research into 64 principles. Robbins rips away the hype, fads, and clichés that keep managers from seeing reality, delivering no-holds-barred advice for hiring, motivation, leadership, communication, performance evaluation, and more.

*Management, Global Edition* Aug 29 2019 With a renewed focus on job-relevant skills, the newest edition of this bestselling text helps management and non-management students alike better prepare to enter the workforce. *Management, 15th Edition, Global Edition*, vividly illustrates effective management theories by incorporating the perspectives of real-life managers. Through examples, cases, and hands-on exercises, students will see and experience management in action--helping them develop the specific skills that employers are looking for and understand how the concepts they're learning about actually work in today's dynamic business world.

*Business.today* Jul 21 2021 Stephen P. Robbins is a best-selling author of management and organizational behavior texts. In his new integrative, innovative introduction to business text, *business.today*, he adopts a reader-friendly conversational writing style. This new text is already receiving praise for its integrated emphasis on careers, e-business, technology, ethics, globalization, and other evolving issues. Robbins offers comprehensive coverage of traditional functions of business--marketing, management, accounting, finance, --but with a fresh real world format, covering the functions where

it makes sense, just as a business person would encounter them. The innovative approach of business today reflects the immense changes that have occurred in business practices. Robbins demonstrates that the new world of business is about identifying opportunities, creating viable strategies, building relationships, and providing quality goods and services.

**Principles of Management (Collection)** Apr 05 2020 The Truth About Managing People offers real solutions for the make-or-break problems faced by every manager. Readers will discover: how to overcome the true obstacles to teamwork; why too much communication can be as dangerous as too little; how to improve hiring and employee evaluations; how to heal layoff survivor sickness; even how to learn charisma. This isn't someone's opinion; it's a definitive, evidence-based guide to effective management: a set of bedrock principles to rely on throughout an entire management career. The Rules of Management: They're surprisingly easy to learn and live by. Now, Richard Templar's brought them all together in one place. Templar covers everything from setting realistic targets to holding effective meetings; finding the right people to inspiring loyalty. Learn when and how to let your people think they know more than you (even if they don't) -- and recognize when they really do The first edition of The Rules of Management became a global phenomenon, topping bestseller charts around the world. This new, even better edition contains 10 brand new rules to take you further, faster. In Wired to Care, top business strategist Dev Patnaik tells the story of how organizations of all kinds prosper when they tap into a power each of us already has: empathy, the ability to reach outside of ourselves and connect with other people. When people inside a company develop a shared sense of what's going on in the world, they

see new opportunities faster than their competitors. They have the courage to take a risk on something new. And they have the gut-level certitude to stick with an idea that doesn't take off right away. People are Wired to Care, and many of the world's best organizations are, too.

Conservation and Care of Glass Objects Sep 03 2022 Written from the many lectures, discussions and laboratory demonstrations hosted by the author, this book provides an understanding of the proper materials and techniques to be used in the conservation and restoration of glass objects.

*The Politics of Expertise* Oct 31 2019 This book collects case studies and theoretical papers on expertise, focusing on four major themes: legitimation, the aggregation of

knowledge, the distribution of knowledge and the distribution of power. It focuses on the institutional means by which the distribution of knowledge and the distribution of power are connected, and how the problems of aggregating knowledge and legitimating it are solved by these structures. The radical novelty of this approach is that it places the traditional discussion of expertise in democracy into a much larger framework of knowledge and power relations, and in addition begins to raise the questions of epistemology that a serious account of these problems requires.

Organisational Behavior Nov 12 2020 Written as an alternative to Robbins' larger Organisational Behaviour text, OB: The Essentials is an applied and focused text that will help your students to quickly grasp the essential elements of OB. In an engaging, 13 chapter format, this book retains the fluid writing style, academic rigour and extensive use of examples that are trademark features of the Robbins texts. While there are less chapters, the book continues to provide cutting-edge content that is often missing in other OB books - this is not merely a subset of material from Robbin's Organisational Behaviour text; it was written from the ground up to present all the essential content in a shorter format. This new text will have broad appeal; particularly to visual learners who will appreciate the lively design and extensive use of examples and photographs to aid comprehension and retention of concepts. New co-author Dr

Michael Jones of the University of Wollongong brings his avid enthusiasm for student education as well as a solid research background in motivation, commitment and business operations to the new text. Reviewers and users of the Robbins texts regularly report that they are 'conversational', 'interesting', 'student-friendly' and 'very clear and understandable'. Packed full of pedagogical features that will engage and stimulate your students, OB: The Essentials will ensure that they are getting a sound understanding of OB. Features such as the 'Applying Knowledge' and 'Student Challenge' boxes prompt students to apply and think strategically about what they have just learnt.

ORGANIZATIONAL BEHAVIOR. Jan 27 2022

*Authentic Patriotism* Apr 29 2022 A provocative, inspiring account of our neglected American ideals and the people who are living them today--and restoring our nation's dream Patriotism has become a loaded word: one that is wielded against people with whom we might disagree, or whose cultural origins don't match our own. But our founding fathers--Washington, Jefferson, Adams, and others--saw patriotism as a dynamic force: an act of service, in an evolving nation that defined its purpose by offering all people a better way of life. In *Authentic Patriotism*, author and award-winning journalist Stephen P. Kiernan explores the original ideals that have been lost in our current climate, where war and economic turmoil have eroded our sense of civic obligation. Kiernan describes "a nation adrift," out of touch with its origins--and then introduces a range of inspiring people who have revived our national purpose by taking action: - The out-of-work college graduate who led an economic and environmental renewal of her blighted home community. - The retired executive who pioneered a revolutionary concept in health care for people without insurance. - The minister who created a legendary choir, with the goal of uniting children of different races, genders, and classes in one voice. - The family who donated their daughter's heart, so that another might live. These and other "New Americans" are profiled in a book that offers hope, ideas, examples, and practical resources for readers who want to renew the

American spirit.

**The Hummingbird** May 19 2021 From the author of the acclaimed debut novel *The Curiosity* comes an emotionally resonant tale about a woman who must take care of two wounded men – one, her soldier-husband, just home from the war in Iraq; the other, a dying World War II scholar-historian who harbors a long-buried secret. Deborah Birch is a seasoned hospice nurse whose daily work requires courage and compassion. But her skills and experience are tested in new and dramatic ways when her easygoing husband, Michael, returns from his third deployment to Iraq haunted by nightmares, anxiety, and rage. She is determined to help him heal, and to restore the tender, loving marriage they once had. At the same time, Deborah's primary patient is Barclay Reed, a retired history professor and expert in the Pacific Theater of World War II whose career ended in academic scandal. Alone in the world, the embittered professor is dying. As Barclay begrudgingly comes to trust Deborah, he tells her stories from that long-ago war, which help her find a way to help her husband battle his demons. Told with piercing empathy and heartbreaking realism, *The Hummingbird* is a masterful story of loving commitment, service to country, and absolution through wisdom and forgiveness.

**Essentials of Organizational Behavior** Mar 29 2022 For one-semester undergraduate

and graduate level courses in Organizational Behavior. Concise fundamentals for students. Ultimate flexibility for instructors.
