**Millionaire by Thirty** Jul 25 2022 The definitive, easy to understand and breakthrough guide on

how young people can take their limited first income and turn it into a small fortune by the time they turn thirty from an expert financial planner. Most people know that there are 70 million Baby Boomers in America today....but what is less known is that there are approximately 100 million people in America between the ages of 16 and 30. This generation has just entered, or will soon be entering the work force. And they have no idea how to invest, save, or handle their money. Young people today come out of school having had little or no formal education on the basics of money management. Many have large debts from student loans looming over their heads. And many feel confused and powerless when their pricey educations don't translate into high paying jobs. They feel that their \$30,000-\$40,000 salary is too meager to bother with investing, and they constantly fear that there will be "too much month left at the end of their money." Douglas R. Andrew has shown the parents of this generation a different pathway to financial freedom. Now Doug and his sons, Emron and Aaron - both of whom are in their mid-20s - show the under-30 crowd how they can break from traditional 401k investment plans and instead can find a better way by investing in real estate, budgeting effectively, avoiding unnecessary taxes and using life insurance to create tax-free income. With the principles outlined in *Millionaire by Thirty*, recent graduates will be earning enough interest on their savings to meet their basic living expenses by the time they're 30. And by the time they're 35, their investments will be earning more money than they are, guaranteeing them a happy, wealthy future.

*Motor Racing and Record Breaking* Dec 18 2021 Originally published in 1935, *Motor Racing and Record Breaking* tells the story of the sport from its earliest years. The glamour and excitement of racing reached new heights in the 1930s, as a succession of daredevil drivers in sleek, powerful cars pushed the frontiers of speed and skill. But it was still a dangerous sport, and many of its brightest stars died young in horrific accidents. Written with an insider's eye, *Motor Racing and Record Breaking* paints a vivid picture of the triumphs, the tragedies and the personalities of the time. Captain George Eyston rose to become one of the world's top racing drivers after World War I. In his Rolls Royce Thunderbolt, he was the first man to break the 300mph barrier, setting a land speed record of 312mph in 1937 and on two later occasions.
