[Landscape Management and Maintenance](#) Feb 25 2022 With increased public attention focused on the environment and government legislation on competition, landscape managers are coming under increasing pressure to adopt a more disciplined analytical approach to their work. Landscape Management and Maintenance will help you to set objectives for the use of your land, your manpower and your resources. The authors draw on their wide experience of different types of landscape management to give you clear examples of the methods and alternatives. At each stage they emphasise how to make cost effective choices, and achieve the best value for money.
