The Politically Incorrect Guide to the Vietnam War Apr 25 2022 Shatters culturally accepted myths of the Vietnam War as it reveals the truth about the battles, players, and policies of one of the most controversial wars in U.S. history. [Reflections on the Vietnam War](#) Jun 15 2021 ""An important contribution to the literature on the war."" Gary R. Hess, Emeritus Distinguished Research Professor, Bowling Green State University. Author, --"Vietnam: Explaining America's Lost War." In his *Reflections on the Vietnam War: A Fifty-Year Journey*, Warren E. Hunt chronicles his long struggle to come to grips with the meaning of the Vietnam War and how it affected him before, during and after his tour in Vietnam with the U.S. First Infantry Division. Using a stylistic mix of personal anecdote, historical reflection and essay, the author weaves his experience of the war into a broad context encompassing the course of his life. Starting out as a naive and patriotic teenager drafted at age 19, he traces his path through military training, his impressions of Vietnam and its people, the absurdity of daily basecamp life, and the crucible of enemy fire. Returning to a nation torn apart by the war, he soon realizes that, even though he is no longer in the army, he cannot escape the war's insane grasp. Catastrophic events in Vietnam and on the home front, along with the dawning awareness of suicides among his fellow veterans, prompt him to seek answers to the questions that haunt his daily life: Why did America go to war in Vietnam? How could we lose? Why did so many people have to suffer in vain? His quest leads him to the unveiling of the Vietnam Veterans Memorial in Washington, D.C., where painful memories and powerful emotions merge to initiate a healing process for the author, his fellow veterans and the country at large.

The Origins of the Vietnam War Oct 20 2021 This new book sets in context the conflict from the end of the Indochina War in 1954 to the eruption of full-scale war in 1965, and places events against their full international background. Books in this Seminar Studies in History

series bridge the gap between textbook and specialist survey and consists of a brief "Introduction" and/or "Background" to the subject, valuable in bringing the reader up-to-speed on the area being examined, followed by a substantial and authoritative section of "Analysis" focusing on the main themes and issues. There is a succinct "Assessment" of the subject, a generous selection of "Documents" and a detailed bibliography. Why did the US make a commitment to an independent South Vietnam? Could a major war have been averted? This book provides a short, accessible introduction to the origins of the Vietnam War. The war had a profound and lasting impact on the politics and society of Vietnam and the United States, and it also had a major impact on international relations. Readers interested in the history of southeast Asia, or the Vietnam War.

The Encyclopedia of the Vietnam War: A Political, Social, and Military History, 2nd Edition [4 volumes] Sep 30 2022 Now in its second edition, this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in U.S. history. • Includes many photographs and illustrations that bring the Vietnam War to life • Contains more than 200 primary sources in a separate documents volume, with full introductions for each • Presents an extensive chronology of historic events and a glossary of terms • Provides cross-references and bibliographies that facilitate further research

The Vietnam War Dec 22 2021 From the award-winning historian and filmmakers of *The Civil War*, *Baseball*, *The War*, *The Roosevelts*, and others: a vivid, uniquely powerful history of the conflict that tore America apart--the companion volume to the major, multipart PBS film to be aired in September 2017. More than forty years after it ended, the Vietnam War continues to haunt our country. We still argue over why we were there, whether we could have won, and who was right and wrong in their response to the conflict. When the war divided the country, it created deep political fault lines that continue to divide us today. Now, continuing in the tradition of their critically acclaimed

collaborations, the authors draw on dozens and dozens of interviews in America and Vietnam to give us the perspectives of people involved at all levels of the war: U.S. and Vietnamese soldiers and their families, high-level officials in America and Vietnam, antiwar protestors, POWs, and many more. The book plunges us into the chaos and intensity of combat, even as it explains the rationale that got us into Vietnam and kept us there for so many years. Rather than taking sides, the book seeks to understand why the war happened the way it did, and to clarify its complicated legacy. Beautifully written and richly illustrated, this is a tour de force that is certain to launch a new national conversation.

Patriots Aug 06 2020 "Intense and absorbing... If you buy only one book on the Vietnam War, this is the one you want." -Chicago Tribune Christian G. Appy's monumental oral history of the Vietnam War is the first work to probe the war's path through both the United States and Vietnam. These vivid testimonies of 135 men and women span the entire history of the Vietnam conflict, from its murky origins in the 1940s to the chaotic fall of Saigon in 1975. Sometimes detached and reflective, often raw and emotional, they allow us to see and feel what this war meant to people literally on all sides: Americans and Vietnamese, generals and grunts, policymakers and protesters, guerrillas and CIA operatives, pilots and doctors, artists and journalists, and a variety of ordinary citizens whose lives were swept up in a cataclysm that killed three million people. By turns harrowing, inspiring, and revelatory, *Patriots* is not a chronicle of facts and figures but a vivid human history of the war. "A gem of a book, as informative and compulsively readable as it is timely." -The Washington Post Book World

On Strategy Mar 13 2021 Summer's inspired analysis of America's war in Vietnam answers the most pressing questions remaining from that terrible conflict more than a decade before Robert McNamara's painful admissions.

[The Vietnam War Re-Examined](#) Jul 17 2021 An overview of the

revisionist case on the Vietnam War, showing how it could have been won by the US at a lower cost than was suffered in defeat.

The Vietnam War Jun 03 2020 Presents a collection of quotations concerning events and experiences related to the Vietnam War, including text regarding the Hmong tribe, "pacified" villages, and the Vietcong discipline code.

The Vietnam War Nov 01 2022 Hailed as a "pithy and compelling account of an intensely relevant topic" (Kirkus Reviews), this wide-ranging volume offers a superb account of a key moment in modern U.S. and world history. Drawing upon the latest research in archives in China, Russia, and Vietnam, Mark Lawrence creates an extraordinary, panoramic view of all sides of the war. His narrative begins well before American forces set foot in Vietnam, delving into French colonialism's contribution to the 1945 Vietnamese revolution, and revealing how the Cold War concerns of the 1950s led the United States to back the French. The heart of the book covers the "American war," ranging from the overthrow of Ngo Dinh Diem and the impact of the Tet Offensive to Nixon's expansion of the war into Cambodia and Laos, and the final peace agreement of 1973. Finally, Lawrence examines the aftermath of the war, from the momentous liberalization--"Doi Moi"--in Vietnam to the enduring legacy of this infamous war in American books, films, and political debate.

The Vietnam War Aug 30 2022 Explores the Vietnam War through the eyes of those who were most impacted by its consequences.

No Wider War Jan 23 2022 In Good Faith is the first of a two-volume, accessible narrative history of America's involvement in Indochina, from the end of World War II to the Fall of Saigon in 1975. The books chart the course of America's engagement with the region, from its initially hesitant support for French Indochina through the advisory missions following the 1954 Geneva Accords, then on to the covert war promoted in the Kennedy years, the escalation to total war in the Johnson era, and finally to the liquidation of the American war under Nixon. Drawing on the latest research, unavailable to the authors of the classic Vietnam histories, these two volumes tell the whole story for the first time, including the truth behind the events of the 1964 Gulf of Tonkin incident, which opened the door to Washington's entry into the war, and which can now be told in full thanks to recently declassified National Security Agency top secret material. Examining in depth both the events and the key figures of the conflict, this is a definitive new history of American engagement in Vietnam. In Good Faith tells the story from the Japanese surrender in 1945 through America's involvement in the French Indochina War and the initial advisory missions that followed. It describes how these missions gradually grew in both scope and scale, and how America became ever more committed to the region, especially following the Gulf of Tonkin incident in 1964, which led to the first bombing missions over North Vietnam. It finishes at the climax of one of those operations, Rolling Thunder, and just prior to the first commitment of US ground forces to the war in Vietnam in the spring of 1965. No Wider War is the second volume of a two-part exploration of America's involvement in Indochina from the end of World War II to the Fall of Saigon.

Following on from the first volume, In Good Faith, which told the story from the Japanese surrender in 1945 through America's involvement in the French Indochina War and the initial advisory missions that followed, it traces the story of America's involvement in the Vietnam War from the first Marines landing at Da Nang in 1965, through the traumatic Tet Offensive of 1968 and the gradual Vietnamisation of the war that followed, to the withdrawal of American forces and the final loss of the South in 1975. Drawing on the latest research, unavailable to the authors of the classic Vietnam histories, including recently declassified top secret National Security Agency material, Sergio Miller examines in depth both the events and the key figures of the conflict to present a masterful narrative of America's most divisive war.

The Vietnam War Sep 26 2019 The Vietnam War was one of the defining events of the 20th century. It shaped world history and was a formative part of America's turbulent 1960s era. The Vietnam War: A Chronology of War is an illustrated, all-service chronology of this war. Building upon the official military histories and our critically acclaimed series of military chronologies published on each service, this book presents a day-by-day summary of significant Army, Navy, Marine Corps, and Air Force events from the prewar role of military advisors to the fall of Saigon in 1975. Each entry is full of historical information and identifies the date, location, and military units involved.

Introductory essays place these events within the context of the overall conflict. Treating these elements in detail, together with original photos and colorful art from the collections of all four services and military artists, this encyclopedic account of the history of the Vietnam War comes to life

The Vietnam War Mar 25 2022 The Vietnam War is an outstanding collection of primary documents related to America's conflict in Vietnam which includes a balance of original American and Vietnamese perspectives, providing a uniquely varied range of insights into both American and Vietnamese experiences. Includes substantial non-American content, including many original English translations of Vietnamese-authored texts which showcase the diversity and complexity of Vietnamese experiences during the war Contains original American documents germane to the continuing debates about the causes, consequences and morality of the US intervention Incorporates personal histories of individual Americans and Vietnamese Introductory headnotes place each document in context Features a range of non-textual documents, including iconic photographs and political cartoons

Vietnam's American War Sep 06 2020 Communist forces in the Vietnam War lost most battles and suffered disproportionately higher casualties than the United States and its allies throughout the conflict. The ground war in South Vietnam and the air war in the North were certainly important in shaping the fates of the victors and losers, but they alone fail to explain why Hanoi bested Washington in the end. To make sense of the Vietnam War, we must look beyond the war itself. In his new work, Pierre Asselin explains the formative experiences and worldview of the men who devised communist strategies and tactics

during the conflict, and analyzes their rationale and impact. Drawing on two decades of research in Vietnam's own archives, including classified policy statements and reports, Asselin expertly and straightforwardly relates the Vietnamese communist experience - and the reasons the war turned out the way it did.

What Was the Vietnam War? May 27 2022 Learn how the United States ended up fighting for twenty years in a remote country on the other side of the world. The Vietnam War was as much a part of the tumultuous Sixties as Flower Power and the Civil Rights Movement. Five US presidents were convinced that American troops could end a war in the small, divided country of Vietnam and stop Communism from spreading in Southeast Asia. But they were wrong, and the result was the death of 58,000 American troops. Presenting all sides of a complicated and tragic chapter in recent history, Jim O'Connor explains why the US got involved, what the human cost was, and how defeat in Vietnam left a lasting scar on America.

The Vietnam War Apr 01 2020 Uses a graphic novel format to chronicle the course of the war from the early 1960s through the evacuation of Saigon and covers the anti-war movement, Watergate, and the assassinations of Robert Kennedy and Martin Luther King, Jr. *Encyclopedia of the Vietnam War* Apr 13 2021 "This encyclopedia is unique for its comprehensive coverage of the military, social, and political aspects of the Vietnam War. There are clear articles on military tactics and weapon systems, detailed biographies with particularly thorough coverage of the Communist leaders analytical articles describing the contributions of various nations, antiwar movement, and military strategy. Each entry has a substantial bibliography, as well as see-also references. Volume three consists of a documentary history of the war, including government memos, military telegrams, speeches, policy statements, and the logs of phone conversations. The comprehensive scope and depth of this encyclopedia make it a valuable addition to any academic or public library."--"Outstanding Reference Sources : the 1999 Selection of New Titles", American Libraries, May 1999. Comp. by the Reference Sources Committee, RUSA, ALA.

The First Vietnam War Jul 25 2019 Shawn McHale explores why the communist-led resistance in Vietnam won the anticolonial war against France (1945-54), except in the south. He shows how broad swaths of Vietnamese people were uneasily united in 1945 under the Viet Minh Resistance banner, all opposing the French attempt to reclaim control of the country. By 1947, resistance unity had shattered and Khmer-Vietnamese ethnic violence had divided the Mekong delta. From this point on, the war in the south turned into an overt civil war wrapped up in a war against France. Based on extensive archival research in four countries and in three languages, this is the first substantive English-language book focused on southern Vietnam's transition from colonialism to independence.

[Vietnam War: A Topical Exploration and Primary Source Collection \[2 volumes\]](#) Sep 18 2021 This detailed two-volume set considers the Vietnam War, one of America's longest and bloodiest wars, from a topical perspective, addressing the main characters and key events of

the war and supplying many relevant primary source documents. • Comprehensively explains how the Vietnam War became one of the United States' longest and bloodiest wars and why it served as a society- and culture-changing event, even for the millions of Americans who were not directly involved in the conflict • Examines 14 key topics within and surrounding the Vietnam War, ranging from the First Indochina War to the aftermath of the war for both Vietnam and the United States • Includes key primary source documents, illustrations and maps, an extensive bibliography, and a detailed chronology

You Choose: The Vietnam War Nov 20 2021 It's the 1960s, and the Vietnam War is raging. You find yourself in the midst of the turmoil. Will you: Enlist in the Marines and volunteer to go to war? Join your fellow young Americans eager to protest the war? Be a young Vietnamese man forced to choose between the communist North and the capitalist South? Everything in this book happened to real people. And YOU CHOOSE what you do next. The choices you make could lead you to jail, to the jungles of Vietnam, or even to death.

The Vietnam War Aug 18 2021 A chronological arrangement of the conflict beginning with prehistory to the present. Includes sixty brief biographies of major political and military figures.

My Lai May 03 2020 Well written and accessible, Allison's book provides a clear narrative of this historic moment and offers suggestions for how to come to terms with its aftermath.

The Vietnam War Jun 27 2022 This book offers an introduction to the Vietnam War - a war which was enormously influential in shaping the political, diplomatic, economic, and military life of both the US and Vietnam. The book's main focus is on the war itself up to 1975.

[Vietnam War: The Essential Reference Guide](#) Jul 05 2020 The Vietnam War was one of America's longest, bloodiest, and most controversial wars. This volume examines the complexities of this protracted conflict and explains why the lessons learned in Vietnam are still highly relevant today. • More than 45 contributors, including Robert K. Brigham, Cecil B. Currey, Arnold R. Isaacs, Lewis Sorley, Spencer C. Tucker, and David T. Zabecki • Introductory essays provide a broad overview of the Vietnam War and help readers understand the causes and consequences of the conflict • Maps depicting South Vietnam, infiltration routes, and key battles

[The War That Never Ends](#) Dec 10 2020 More than three decades after the final withdrawal of American troops from Southeast Asia, the legacy of the Vietnam War continues to influence political, military, and cultural discourse. Journalists, politicians, scholars, pundits, and others have used the conflict to analyze each of America's subsequent military engagements. Many Americans have observed that Vietnam-era terms such as "cut and run," "quagmire," and "hearts and minds" are ubiquitous once again as comparisons between U.S. involvement in Iraq and in Vietnam seem increasingly appropriate. Because of its persistent significance, the Vietnam War era continues to inspire vibrant historical inquiry. The eminent scholars featured in *The War That Never Ends* offer fresh and insightful perspectives on the continuing relevance of the Vietnam War, from the homefront to "humping in the boonies," and from the great halls of political

authority to the gritty hotbeds of oppositional activism. The contributors assert that the Vietnam War is central to understanding the politics of the Cold War, the social movements of the late twentieth century, the lasting effects of colonialism, the current direction of American foreign policy, and the ongoing economic development in Southeast Asia. The seventeen essays break new ground on questions relating to gender, religion, ideology, strategy, and public opinion, and the book gives equal emphasis to Vietnamese and American perspectives on the grueling conflict. The contributors examine such phenomena as the role of women in revolutionary organizations, the peace movements inspired by Buddhism, and Ho Chi Minh's successful adaptation of Marxism to local cultures. *The War That Never Ends* explores both the antiwar movement and the experiences of infantrymen on the front lines of battle, as well as the media's controversial coverage of America's involvement in the war. *The War That Never Ends* sheds new light on the evolving historical meanings of the Vietnam War, its enduring influence, and its potential to influence future political and military decision-making, in times of peace as well as war.

Vietnam: The Necessary War Feb 21 2022 Offering a controversial perspective on America's most painful war, the author proposes that Vietnam should have been fought, but with different tactics.

The Tragedy of the Vietnam War Jul 29 2022 What Americans call the Vietnam War actually began in December 1946 with a struggle between the communists and the French for possession of the country—but Vietnam's strategic position in southeast Asia inevitably led to the involvement of other countries. Written by an officer in the Republic of Vietnam Armed Forces, this poignant memoir seeks to clarify the nuances of South Vietnam's defeat. From the age of 12, Van Nguyen Duong watched as the conflict affected his home, family, village and friends. He discusses not only the day-to-day hardships of wartime but his postwar forced relocation and eventual imprisonment. A special focus is on the anguish caused by the illusive reality of Vietnamese independence. The political forces at work north and south, the hardships suffered by RVNAF soldiers after the 1975 U.S. withdrawal, and the effects of reunification on the Vietnamese people are discussed.

Vietnam War Era Nov 28 2019 An insightful look into the immediate and long-term impact of the Vietnam War on a wide range of people and social groups, both Americans in the United States and in Vietnam. * Primary sources reveal a broad spectrum of opinion expressed in a variety of forms, including memoirs, documents, and poetry * Includes a chronology of key events related to the Vietnam War and an extensive bibliography covering political, diplomatic, social, and cultural aspects of the war

The Dragon in the Jungle Feb 09 2021 Western historians have long speculated about Chinese military intervention in the Vietnam War. It was not until recently, however, that newly available international archival materials, as well as documents from China, have indicated the true extent and level of Chinese participation in the conflict of Vietnam. For the first time in the English language, this book offers an

overview of the operations and combat experience of more than 430,000 Chinese troops in Indochina from 1968-73. The Chinese Communist story from the "other side of the hill" explores one of the missing pieces to the historiography of the Vietnam War. The book covers the chronological development and Chinese decision-making by examining Beijing's intentions, security concerns, and major reasons for entering Vietnam to fight against the U.S. armed forces. It explains why China launched a nationwide movement, in Mao Zedong's words, to "assist Vietnam and resist America" in 1965-72. It details PLA foreign war preparation, training, battle planning and execution, tactical decisions, combat problem solving, political indoctrination, and performance evaluations through the Vietnam War. International Communist forces, technology, and logistics proved to be the decisive edge that enabled North Vietnam to survive the U.S. Rolling Thunder bombing campaign and helped the Viet Cong defeat South Vietnam. Chinese and Russian support prolonged the war, making it impossible for the United States to win. With Russian technology and massive Chinese intervention, the NVA and NLF could function on both conventional and unconventional levels, which the American military was not fully prepared to face. Nevertheless, the Vietnam War seriously tested the limits of the communist alliance. Rather than improving Sino-Soviet relations, aid to North Vietnam created a new competition as each communist power attempted to control Southeast Asian communist movement. China shifted its defense and national security concerns from the U.S. to the Soviet Union.

[Bloods](#) Aug 25 2019 Twenty African-American soldiers--ranging from the son of migrant farm workers to an Army recruiter--offer diverse perspectives on their service during Vietnam War, in an oral history of the conflict. Reissue.

American Reckoning Oct 27 2019 Christian G. Appy explores how the Vietnam war was managed, reported, packaged, and consumed; the myths that were created; why decisions were made; who (if anyone) got left behind; America's accountability for atrocities and how the real 'Vietnam syndrome' has played out in popular culture and our foreign policy. He reports across newspaper accounts, TV coverage, Pentagon stats and position papers, memoirs, movies, novels, and more to create a completely fresh account of the meaning of the war, asking the hard questions.

[American Tragedy](#) Jan 11 2021 Documents the origin of American involvement in the Vietnam War and how the policies in the Eisenhower, Kennedy, and Johnson administrations led to war.

The Vietnam War Dec 30 2019 The Vietnam War remains one of the most heroic and heartbreaking events in history. This definitive guide charts the unforgettable story of the world's first televised war. Created in association with the Smithsonian Institution, this authoritative guide chronicles America's fight against Communism in southeast Asia during the 1960s and 1970s, and comprehensively explores the people, politics, events, and lasting effects of the Vietnam War. Hundreds of insightful images and a compelling narrative combine to chronicle this catastrophic conflict. From 1955, the communist government of North Vietnam waged war against South

Vietnam and its main ally, the USA. Over the course of two decades of hostility and warfare, the number of casualties reached an incomprehensible three million people. Detailed descriptions of every episode, including Operation Passage to Freedom and the evacuation of the American embassy in Saigon, tell the stories in iconic photographs and eyewitness accounts. Discover the real people behind the conflict, with gripping biographies of key figures, including Henry Kissinger, General Thieu, President Nixon, and Pol Pot. This incredible visual record is supported by locator maps, at-a-glance timelines, archive photography, and key quotations to ensure an all-encompassing experience. The Vietnam War is an essential historic reference to help humanity learn the lessons of suffering and sacrifice from one of the bloodiest conflicts of the 20th century.

Ending the Vietnam War May 15 2021 The Definitive Account Many other authors have written about what they thought happened -- or thought should have happened -- in Vietnam, but it was Henry Kissinger who was there at the epicenter, involved in every decision from the long, frustrating negotiations with the North Vietnamese delegation to America's eventual extrication from the war. Now, for the first time, Kissinger gives us in a single volume an in-depth, inside view of the Vietnam War, personally collected, annotated, revised, and updated from his bestselling memoirs and his book *Diplomacy*. Here, Kissinger writes with firm, precise knowledge, supported by meticulous documentation that includes his own memoranda to and replies from President Nixon. He tells about the tragedy of Cambodia, the collateral negotiations with the Soviet Union and the People's Republic of China, the disagreements within the Nixon and Ford administrations, the details of all negotiations in which he was involved, the domestic unrest and protest in the States, and the day-to-day military to diplomatic realities of the war as it reached the White House. As compelling and exciting as Barbara Tuchman's *The Guns of August*, *Ending the Vietnam War* also reveals insights about the bigger-than-life personalities -- Johnson, Nixon, de Gaulle, Ho Chi Minh, Brezhnev -- who were caught up in a war that forever changed international relations. This is history on a grand scale, and a book of overwhelming importance to the public record.

Narratives of the Vietnam War by Korean and American Writers Jun 23 2019 Original Scholarly Monograph

The Mammoth Book of the Vietnam War Mar 01 2020 More than 40 vivid, eyewitness accounts of the defining conflict of the second half of the 20th century By 1969, following the French defeat at Dien Bien Phu, more than 500,000 US troops were "in country" in Vietnam. Before America's longest war had ended with the fall of Saigon in 1975, 450,000 Vietnamese had died, along with 36,000 Americans. The Vietnam War was the first rock 'n' roll war, the first helicopter war with its doctrine of "airmobility," and the first television war; it made napalm and the defoliant Agent Orange infamous, and gave us the New Journalism of Michael Herr and others. It also saw the establishment of the Navy SEALs and Delta Force. At home, America fractured, with the peace movement protesting against the war; at Kent State University, Ohio National Guardsmen fired on unarmed students, killing four and injuring nine. Lewis's compelling selection of the best writing to come out of a war covered by some truly outstanding writers, both journalists and combatants, includes an eyewitness account of the first major battle between the United States Army and the People's Army of Vietnam at Ia Drang; a selection of letters home; Nicholas Tomalin's famous 'The General Goes Zapping Charlie Cong'; Robert Mason's 'R&R', Studs Terkel's account of the police breaking up an anti-war protest; John Kifner on the shootings at Kent State; Ron Kovic's 'Born on the Fourth of July'; John T. Wheeler's 'Khe Sanh: Live in the V Ring'; Pulitzer Prize-winner Seymour Hersh on the massacre at My Lai; Michael Herr's 'It Made You Feel Omni'; Viet Cong Truong Nhu Tang's memoir; naval nurse Maureen Walsh's memoir, 'Burning Flesh'; John Pilger on the fall of Saigon; and Tim O'Brien's 'If I Die in a Combat Zone'.

How We Lost the Vietnam War Jan 29 2020 Nguyen Cao Ky served as South Vietnam's prime minister and its vice president during the years of the Vietnam War's escalation, and of subsequent criticism of the war from the U. S. His memoir provides an insider's look at the disputes and corruption within the government of South Vietnam and the diplomatic struggles with the U. S. during this time. Ky, who was also a military pilot and held the rank of marshal, gives insight into the

South Vietnamese military as well, criticizing inaccurate reporting on the war and drawing attention to stories that journalists avoided. Assessing the U. S. ambassadors Bunker and Martin and the role played by foreign aid, Nguyen paint an eye-opening picture of how American politics and elections had a profound effect upon U. S. allies. *Tet!* Oct 08 2020 Finalist for the 1971 National Book Award In early 1968, Communist forces in Vietnam launched a surprise offensive that targeted nearly every city, town, and major military base throughout South Vietnam. For several hours, the U.S. embassy in Saigon itself came under siege by Viet Cong soldiers. Militarily, the offensive was a failure, as the North Vietnamese Army and its guerrilla allies in the south suffered devastating losses. Politically, however, it proved to be a crucial turning point in America's involvement in Southeast Asia and public opinion of the war. In this classic work of military history and war reportage—long considered the definitive history of Tet and its aftermath—Don Oberdorfer moves back and forth between the war and the home front to document the lasting importance of this military action. Based on his own observations as a correspondent for the *Washington Post* and interviews with hundreds of people who were caught up in the struggle, *Tet!* remains an essential contribution to our understanding of the Vietnam War.

Triumph Forsaken Nov 08 2020 Drawing on a wealth of new evidence from all sides, *Triumph Forsaken*, first published in 2007, overturns most of the historical orthodoxy on the Vietnam War. Through the analysis of international perceptions and power, it shows that South Vietnam was a vital interest of the United States. The book provides many insights into the overthrow of South Vietnamese President Ngo Dinh Diem in 1963 and demonstrates that the coup negated the South Vietnamese government's tremendous, and hitherto unappreciated, military and political gains between 1954 and 1963. After Diem's assassination, President Lyndon Johnson had at his disposal several aggressive policy options that could have enabled South Vietnam to continue the war without a massive US troop infusion, but he ruled out these options because of faulty assumptions and inadequate intelligence, making such an infusion the only means of saving the country.
